A proliferation of lawsuits involving sport utility vehicles, defective tires, medical devices and drugs, and asbestos abounds. Public attention to products liability cases is at an all-time high, and awards routinely run into the millions of dollars. When developing a strategy in this high stakes world, attorneys can't afford to have anything other than the best information and insight into this evolving area of law. Lawyers need practical tools to assess a products liability case's potential and build their approach, and Shapo on the Law of Products Liability provides the tools to give you the winning edge. Through a holistic analysis of the law and its principal developments as witnessed in hundreds of cases, this treatise gives litigators a wide variety of perspectives on potential strategies, and the tools to support those strategies with persuasive arguments. This authoritative two-volume work will enable you to: Assess products liability case potential and build sound litigation strategies Dig deep into products liability law to build creative approaches to litigation Craft a winning case and reap the greatest reward for your clients Find the tools and information to support strategies with persuasive arguments Both federal and state courts contribute a rich mix of decisions to products liability law, which covers both consumer products and occupational hazards. This indispensable resource for the products liability practitioner

helps you prepare your case. Is the product defective? Who is liable? What is the manufacturer's responsibility? Who can be sued? What kind of awards may be realized? How might this be defended? Shapo on the Law of Products Liability also includes coverage of: Asbestos litigation Chinese drywall Food and drug Medical devices Design/manufacturing defects claims Punitive damages Discovery rule Up to date analysis and commentary History and background on products liability law Damages Advertising material Packaging Marshall S. Shapo, the Frederic P. Vose Professor at Northwestern University School of Law, is a nationally recognized authority on torts and products liability law.

Best in Show is a collection of photographs of well-groomed and award-winning dogs by New York City – based photographer Dolly Faibyshev. The images from the Westminster Kennel Club Dog Show and beyond focus on the unique—and often humorous—relationship between each dog and their handler. Dolly Faibyshev focuses on kitsch, irony, and the larger than life human and canine characters that make up Best in Show. The result is a colorful, vibrant, campy, and satirical take on this specific slice of Americana. • The colorful, closely cropped juxtapositions of each coiffed canine contestant and their dedicated human are both humorous and charming. • Sure to delight fans of all breeds of dogs • A universal and ideal book for all canine lovers with a sense of humor Best in Show captures a specific subculture of dog devotees primarily from the infamous Westminster Kennel Club Dog Show at Madison Square Garden in New York. • A perfect book for anyone who is completely and totally obsessed with dogs and the Westminster Kennel Club Dog Show • Photographers and contemporary art lovers will also love this celebration of Dolly Faibyshev's work • Great for fans of The Dogist: Photographic Encounters with 1,000 Dogs by Elias Weiss Friedman, Dogs by Lewis Blackwell and Tim Flach, and Underwater Dogs by Seth Casteel

(Book). Here, in a replica of a recently exhumed tome (discovered in reverb chamber #4 beneath the Capitol Studios lot), we present to you the companion book to Mixerman's popular Zen and the Art of Mixing . Providing valuable insights for both neophyte and veteran alike, Mixerman reveals all that goes into the most coveted job in record-making producing. In his signature style, Mixerman provides us a comprehensive blueprint for all that the job entails from the organizational discipline needed to run a successful recording session, to the visionary leadership required to inspire great performances. This enhanced multimedia edition brings producers deeper into the concepts covered in the text. In over an hour's worth of supplemental video clips, Mixerman gives added insight into the various aspects of producing, from choosing songs and deciding on arrangements to managing production budgets. As Mixerman points out, "It doesn't matter if you're producing a country album or a hard-rock album: the goal is to communicate with the audience in a manner they understand."

Each Clymer manual provides specific and detailed instructions for performing everything from basic maintenance and troubleshooting to a complete overhaul of the machine. This manual covers the Yamaha YFZ450 and YFZ450R built from 2004 to 2017. Do-it-yourselfers will find this service and repair manual more comprehensive than the factory manual, making it an indispensable part of their tool box.
