~~Sobotta Clinical Atlas of Human Anatomy, one volume ...~~

Weaknesses of 'Sobotta Atlas of Human Anatomy': The atlas consists of three heavy books, so it's not fun carrying them around. The expensive price of the atlas and especially of the app is not justified by the provided resources. Explanations are inconsistent and are not included for every illustration.

~~Sobotta Atlas of Human Anatomy: Review | Kenhub~~

In the preface of the first edition of his atlas in May 1904, Johannes Sobotta writes: ' Long-standing experience in cadaver dissection classes has prompted the author to ensure that the illustrations of the peripheral nervous system and the blood vessels depict the relevant structures in the same way that the student is accustomed to seeing them on the cadaver, i.e. that they depict the vessels and nerves from the same region together.
