In the Company of Killers Series. 7 primary works □ 7 total works. In the Company of Killers is a series about two rogue assassin brothers and a damaged girl with the blood of a killer who becomes the tie that binds the three. Together, along with a man whose torture and interrogation methods spread fear throughout their underground world of crime, they embark on the ultimate mission: take out the leader of the wo....

Even professional killers need vacations, but for Victor Faust, his vacation in Venezuela is about more than relaxation and time alone with Izabel Seyfried. It is a chance for him to come clean to Izabel: to tell her the truth about why he sent her to Italy with his brother, the truth behind his interest in Nora Kessler, and about his knowledge of Izabel's child with her former captor. But before Victor can spill his soul, reality proves that for some killers, vacations are just pipe-dreams. Attacked and kidnapped, Izabel finds herself stuffed in a suitcase, while Victor later wakes up imprisoned in a cage. In any other situation, Victor would find a way out and save himself and the woman he loves—but not this time. When the identities of their kidnappers are revealed, Victor loses all hope, and begins the mental process of accepting his and Izabel's last moments together. And Izabel's final moments of life. As if his circumstances are not complicated enough, members of Vonnegut's Order are finally closing in on Victor. And when they do, he comes face-to-face with someone else he once knew and loved, who could either help him, or make a grave situation much worse. Victor's past has finally caught up with him: the women he has cared for, loved, and killed; the families he has destroyed; the unforgivable crimes he has committed. And now he must face the consequences, and pay the ultimate price for absolution. But when it is all over, Victor may not have the strength to pick up what is left and move on. Because the event changes him. Because love changed him. And because, unlike before when he thought it is was for the best, he cannot imagine a life without Izabel in it.

Sarai was only fourteen when her mother uprooted her to live in Mexico with a notorious drug lord. Over time she forgot what it was like to live a normal life, but she never let go of her hope to escape the compound where she has been held for the past nine years. Victor is a cold-blooded assassin who, like Sarai, has known only death and violence since he was a young boy. When Victor arrives at the compound to collect details and payment for a hit, Sarai sees him as her only opportunity for escape. But things don't go as planned and instead of finding transport back to Tucson, she finds herself free from one dangerous man and caught in the clutches of another. While on the run, Victor strays from his primal nature as he succumbs to his conscience and resolves to help Sarai. As they grow closer, he finds himself willing to risk everything to keep her alive; even his relationship with his devoted brother and liaison, Niklas, who now like everyone else wants Sarai dead. As Victor and Sarai slowly build a trust, the differences between them seem to lessen, and an unlikely attraction intensifies. But Victor's brutal skills and experience may not be enough in the end to save her, as the power she unknowingly holds over him may ultimately be what gets her killed.

Selected by the Modern Library as one of the 100 best nonfiction books of all time From the Modern Library's new set of beautifully repackaged hardcover classics by Truman Capote—also available are *Breakfast at Tiffany's* and *Other Voices, Other Rooms* (in one volume), *Portraits and Observations*, and *The Complete Stories* Truman Capote's masterpiece, *In Cold Blood*, created a sensation when it was first published, serially, in *The New Yorker* in 1965. The intensively researched, atmospheric narrative of the lives of the Clutter family of Holcomb, Kansas, and of the two men, Richard Eugene Hickock and Perry Edward Smith, who brutally killed them on the night of November 15, 1959, is the seminal work of the "new journalism." Perry Smith is one of the great dark characters of American literature, full of contradictory emotions. "I thought he was a very nice gentleman," he says of Herb Clutter. "Soft-spoken. I thought so right up to the moment I cut his throat." Told in chapters that alternate between the Clutter household and the approach of Smith and Hickock in their black Chevrolet, then between the investigation of the case and the killers' flight, Capote's account is so detailed that the reader comes to feel almost like a participant in the events.

Determined to live a dark life in the company of the assassin who freed her from bondage, Sarai sets out on her own to settle a score with an evil sadist. Unskilled and untrained in the art of killing, the events that unfold leave her hanging precariously on the edge of death when nothing goes as planned. Sarai's reckless choices send her on a path she knows she can never turn back from and so she presents Victor with an ultimatum: help her become more like him and give her a fighting chance, or she'll do it alone no matter the consequences. Knowing that Sarai cannot become what she wants to be overnight, Victor begins to train her and inevitably their complicated relationship heats up. As Arthur Hamburg's right-hand man, Willem Stephens, closes in on his crusade to destroy Sarai, she is left with the crushing realization that she may have bitten off more than she can chew. But Sarai, taking on the new and improved role of Izabel Seyfried, still has a set of deadly skills of her own that will prove to be all she needs to secure her place beside Victor. But there is one test that Izabel must face that has the potential to destroy everything she is working so hard to achieve. One final test that will not only make her question her decision to want this dangerous life, but will make her question everything she has come to trust about Victor Faust.

Izabel and Naeva find themselves right where they wanted to be in Mexico: captured and held in the slave compounds owned by the Ruiz family. But the two are soon separated and forced into very different—but equally dangerous—situations. Izabel spends the next three weeks playing a role she never expected she would have the opportunity to play. But her luck runs out when Naeva's life hangs in the balance, and only Izabel can save her. But at a terrible cost. If Izabel chooses to help Naeva, it will expose a lie she has been carrying on her shoulders since she met Victor Faust. A lie that will not only potentially make everyone in Victor's Order distrust her going forward, but one that will also blow her carefully constructed cover in Mexico, and get her killed. Fredrik, still looking for his serial killer, does not have to look long—the killer finds him. And Niklas' past catches up to him when an enemy comes back for revenge. But it will be Victor's actions that shake up those left in his Order, and ultimately, be its downfall.

On 28 November 2004, banker and father-of-two Alistair Wilson was shot three times on his doorstep in a killing more commonly associated with inner city gang wars than a sleepy seaside town in the Scottish Highlands. All these years later, the question remains: why? Who would wish to kill this respectable husband and family man in such a brutal fashion? Was it simply a tragic case of mistaken identity, or did someone have reason to end Alistair's life? And what was the significance of the envelope handed to him before he was fatally wounded? Over the years, lines of enquiry have been investigated and dismissed, gossip has spread, theories offered and rumours debated at length. And yet, so long after Alistair's death, no arrest has ever been made and precious few motives have been made public. In this gripping true crime investigation, Peter Bleksley, top ex-undercover cop and *The Chief* on Channel 4's *Hunted*, strives to uncover the truth and hunt down Alistair's killer. He travels to Scotland, speaks to experts, and draws on his decades of investigative experience in order to provide new insight into Scotland's most mysterious murder case.

Fredrik Gustavsson never considered the possibility of love, or that anyone could ever understand or accept his dark and bloody lifestyle—until he met Seraphina, a woman as vicious and blood-thirsty as Fredrik himself. They spent two short but unforgettable years together, full of lust and killing and the darkest kind of love that two people can share. And then Seraphina was gone. It's been six years since Fredrik's lover and sadistic partner in crime turned his world upside-down. Seraphina went into hiding and has eluded him ever since. Now, he's getting closer to finding her, and an innocent woman named Cassia is the key to drawing Seraphina from the shadows. But Cassia—after sustaining injuries from a fire that Seraphina ignited—suffers from amnesia and can't give Fredrik the information he desperately seeks. Having no other choice, Fredrik has been keeping Cassia locked in his basement as he not only tries to get her to recall her past—because she and Seraphina share it—but also to protect her from Seraphina, who clearly wants her dead. But Cassia is a light in the darkness that Fredrik never believed existed. After a year subjected to her kindness and compassion, he finds himself struggling with his love for Seraphina, and his growing feelings for Cassia—because he knows that to love one, the other must die. Will light win out over darkness, or will something more powerful than either further destroy an

already tortured soul?

NATIONAL BESTSELLER "Defiantly populated with living women . . . beautifully drawn, dense with detail and specificity . . . Notes on an Execution is nuanced, ambitious and compelling." —Katie Kitamura, NEW YORK TIMES BOOK REVIEW (Editors' Choice) "A searing portrait of the complicated women caught in the orbit of a serial killer. . . . Compassionate and thought-provoking." —BRIT BENNETT, #1 New York Times bestselling author of *The Vanishing Half* Recommended by New York Times Book Review □ Los Angeles Times □ Washington Post □ Entertainment Weekly □ Esquire □ Good Housekeeping □ USA Today □ Buzzfeed □ Goodreads □ Real Simple □ Marie Claire □ Rolling Stone □ Business Insider □ Bustle □ PopSugar □ The Millions □ The Guardian □ and many more! In the tradition of *Long Bright River* and *The Mars Room*, a gripping and atmospheric work of literary suspense that deconstructs the story of a serial killer on death row, told primarily through the eyes of the women in his life—from the bestselling author of *Girl in Snow*. Ansel Packer is scheduled to die in twelve hours. He knows what he's done, and now awaits execution, the same chilling fate he forced on those girls, years ago. But Ansel doesn't want to die; he wants to be celebrated, understood. Through a kaleidoscope of women—a mother, a sister, a homicide detective—we learn the story of Ansel's life. We meet his mother, Lavender, a seventeen-year-old girl pushed to desperation; Hazel, twin sister to Ansel's wife, inseparable since birth, forced to watch helplessly as her sister's relationship threatens to devour them all; and finally, Saffy, the detective hot on his trail, who has devoted herself to bringing bad men to justice but struggles to see her own life clearly. As the clock ticks down, these three women sift through the choices that culminate in tragedy, exploring the rippling fissures that such destruction inevitably leaves in its wake. Blending breathtaking suspense with astonishing empathy, *Notes on an Execution* presents a chilling portrait of womanhood as it simultaneously unravels the familiar narrative of the American serial killer, interrogating our system of justice and our cultural obsession with crime stories, asking readers to consider the false promise of looking for meaning in the psyches of violent men. "Poetic and mesmerizing . . . Powerful, important, intensely human, and filled with a unique examination of tragedy, one where the reader is left with a curious emotion: hope." —USA TODAY "A profound and staggering experience of empathy that challenges us to confront what it means to be human in our darkest moments. . . . I relished every page of this brilliant and gripping masterpiece."—ASHLEY AUDRAIN, New York Times bestselling author of *The Push*

Anthropophagy - humans eating their fellow-humans - creates a curious blend of revulsion and fascination in the 'civilised' Western world. When the perpetrator is a murderer - most commonly a sadistic serial killer - the crime not only shocks but it causes bewilderment. With this 2015 update of her comprehensive 1993 study of cannibalistic killers, Moira Martingale expands her original research about the making of such monsters. *Cannibal Killers* tracked the phenomenon from five hundred years ago with the notorious Sawney Bean to those whose names became a byword for horror as the twentieth century waned, such as Jeffrey Dahmer. In this updated version, we see that in the twenty-first century cannibals who thirst for human flesh and blood are still around, and alarmingly, they have moved online.

"[An] intricate and unsettling new novel . . . *Death in Her Hands* is not a murder mystery, nor is it really a story about self-deception or the perils of escapism. Rather, it's a haunting meditation on the nature and meaning of art." -Kevin Power, *The New Yorker* From one of our most ceaselessly provocative literary talents, a novel of haunting metaphysical suspense about an elderly widow whose life is upturned when she finds an ominous note on a walk in the woods. While on her daily walk with her dog in a secluded woods, a woman comes across a note, handwritten and carefully pinned to the ground by stones. "Her name was Magda. Nobody will ever know who killed her. It wasn't me. Here is her dead body." But there is no dead body. Our narrator is deeply shaken; she has no idea what to make of this. She is new to this area, alone after the death of her husband, and she knows no one. Becoming obsessed with solving this mystery, our narrator imagines who Magda was and how she met her fate. With very little to go on, she invents a list of murder suspects and possible motives for the crime. Oddly, her suppositions begin to find correspondences in the real world, and with mounting excitement and dread, the fog of mystery starts to fade into menacing certainty. As her investigation widens, strange dissonances accrue, perhaps associated with the darkness in her own past; we must face the prospect that there is either an innocent explanation for all this or a much more sinister one. A triumphant blend of horror, suspense, and pitch-black comedy, *Death in Her Hands* asks us to consider how the stories we tell ourselves both reflect the truth and keep us blind to it. Once again, we are in the hands of a narrator whose unreliability is well earned, and the stakes have never been higher.
