Each in-depth chapter, covering such topics as professional relationships, fees, contracts, managing large projects, copyright and trademark issues, electronic uses, and more, has been written by an authority in the field. The newly revised AIGA Standard Form for Design Services is included for the convenience of readers, along with a complete resources section. No designer should do business without this comprehensive, authoritative book. Allworth Press, an imprint of Skyhorse Publishing, publishes a broad range of books on the visual and performing arts, with emphasis on the business of art. Our titles cover subjects such as graphic design, theater, branding, fine art, photography, interior design, writing, acting, film, how to start careers, business and legal forms, business practices, and more. While we don't aspire to publish a New York Times bestseller or a national bestseller, we are deeply committed to quality books that help creative professionals succeed and thrive. We often publish in areas overlooked by other publishers and welcome the author whose expertise can help our audience of readers.

Inspiration is everywhere when you stop to not just smell but watch the roses. Mother Nature's interwoven relationships between all life can serve as a powerful model for graphic designers to create sustainable print and digital work. Design to Renourish is a book for the graphic design professional that helps to integrate sustainability into their workflow through a design process called systems thinking. This process asks the graphic designer to approach a design problem by being more informed and aware of and influenced by the impacts that material and vendor choices have on one another, the planet, and consequently on us. The book not only walks the reader through how to design with Mother Nature as a model, but also offers solutions to the real life challenges of working with the client to create sustainable work. Through ten case studies that feature interviews with international design teams who embrace a sustainable systems methodology, the reader will gain valuable insights on how to design to renourish and improve life on Earth.

Take a peek inside the heads of some of the world's greatest living graphic designers. How do they think, how do they connect to others, what special skills do they have? In honest and revealing interviews, nineteen designers, including Stefan Sagmeister, Michael Beirut, David Carson, and Milton Glaser, share their approaches, processes, opinions, and thoughts about their work with noted brand designer Debbie Millman. The internet radio talk host of Design Matters, Millman persuades the greatest graphic designers of our time to speak frankly and openly about their work. How to Think Like a Great GraphicDesigners offers a rare opportunity to observe and understand the giants of the industry. Designers interviewed include: [Milton Glaser [Stefan Sagmeister [David Carson [Paula Scher [Abbott Miller [Lucille Tenazas [Paul Sahre [Emily Oberman and Bonnie Siegler [Chip Kidd [James Victore [Carin Goldberg [Michael Bierut [Seymour Chwast [Jessica Helfand and William Drentel [Steff Geissbuhler [John Maeda Allworth Press, an imprint of Skyhorse Publishing, publishes a broad range of books on the visual and performing arts, with emphasis on the business of art. A comprehensive guide to graphic design and print.

The graphic artist's guide to sustainable design Graphic design is frequently thought of as a purely decorative effort. Yet these efforts can be responsible for shocking impacts on natural resources just to produce a barely-glanced-at catalog or mail piece. Sustainable Graphic Design: Tools, Systems, and Strategies for Innovative Print Design helps designers view graphic design as a holistic process. By exploring eco-conscious materials and production techniques, it shows designers how to create more effective and more sustainable designs. Sustainable Graphic Design opens your eyes to the bigger picture of design seen from the viewpoints of the audience, the creative vendor, their suppliers, and society as a whole. Chapters are written by a wide range of sustainable design pioneers and practitioners[including graphic designers, creative managers, marketing consultants, environmentalists, researchers, and psychologists]giving you critical information on materials and processes. Case studies illustrate and tie concepts together. Sustainability isn't a fad or a movement; it's a long-term paradigm shift. With this forward-looking toolkit, you'll be able to infuse your work with sustainability systems thinking, empowering you to play your role in achieving a future where design and sustainability are natural partners.
