Including her first lesbian, Master/Sub and interracial romance with her personal trainer Stacey and her friend, the relationship is anything but normal.

Winner of the Los Angeles Times Book Prize in History A bold and searing investigation into the role of white women in the American slave economy " Compelling. " —Renee Graham, Boston Globe " Stunning. " —Rebecca Onion, Slate " Makes a vital contribution to our understanding of our past and present. " —Parul Sehgal, New York Times Bridging women ' s history, the history of the South, and African American history, this book makes a bold argument about the role of white women in American slavery. Historian Stephanie E. Jones-Rogers draws on a variety of sources to show that slave owning women were sophisticated economic actors who directly engaged in and benefited from the South ' s slave market. Because women typically inherited more slaves than land, enslaved people were often their primary source of wealth. Not only did white women often refuse to cede ownership of their slaves to their husbands, they employed management techniques that were as effective and brutal as those used by slave owning men. White women actively participated in the slave market, profited from it, and used it for economic and social empowerment. By examining the economically entangled lives of enslaved people and slave owning women, Jones-Rogers presents a narrative that forces us to rethink the economics and social conventions of slaveholding America.

Books for All Kinds of Readers Read HowYouWant offers the widest selection of on-demand, accessible format editions on the market today. Our 7 different sizes of EasyRead are optimized by increasing the font size and spacing between the words and the letters. We partner with leading publishers around the globe. Our goal is to have accessible editions simultaneously released with publishers' new books so that all readers can have access to the books they want to read. To find more books in your format visit [www.readhowyouwant.com](#)

In Interracial Intimacies, Randall Kennedy hits a nerve at the center of American society: race relations and our most intimate ties to each other. Writing with the same piercing intelligence he brought to his national bestseller Nigger: The Strange Career of a Troublesome Word, Kennedy here challenges us to examine how prejudices and biases still fuel fears and inform our sexual, marital, and family choices. Analyzing the tremendous changes in the history of America ' s racial dynamics, Kennedy takes us from the injustices of the slave era up to present-day battles over race matching adoption policies, which seek to pair children with adults of the same race. He tackles such subjects as the presence of sex in racial politics, the historic role of legal institutions in policing racial boundaries, and the real and imagined pleasures that have attended interracial intimacy. A bracing, much-needed look at the way we have lived in the past, Interracial Intimacies is also a hopeful book, offering a potent vision of our future as a multiracial democracy.

"Having been born a freeman, and for more than thirty years enjoyed the blessings of liberty in a free State—and having at the end of that time been kidnapped and sold into Slavery, where I remained, until happily rescued in the month of January, 1853, after a bondage of twelve years—it has been suggested that an account of my life and fortunes would not be uninteresting to the public." -an excerpt

Dolen Perkins-Valdez ' s enchanting and unforgettable novel, based on litle-known fact, combines the narrative allure of Cane River by Lalita Tademy and the moral complexities of Edward P. Jones ' s The Known World as it tells the story of four black enslaved women in the years preceding the Civil War. wench /wench /n. from Middle English " wenchel, " 1 a: a girl, maid, young woman; a female child. Situated in Ohio, a free territory before the Civil War, Tawawa House is an idyllic retreat for Southern white men who vacation there every summer with their enslaved black mistresses. It ' s their open secret. Lizzie, Reenie, and Sweet are regulars at the resort, building strong friendships over the years. But when Mawu, as fearless as she is assured, comes along and starts talking of running away, things change. To run is to leave everything behind, and for some it also means escaping from the emotional and psychological bonds that bind them to their masters. When a fire on the resort sets off a string of tragedies, the women of Tawawa House soon learn that triumph and dehumanization are inseparable and that love exists even in the most inhuman, brutal of circumstances—all while they bear witness to the end of an era. An engaging, page-turning, and wholly original novel, Wench explores, with an unflinching eye, the moral complexities of slavery. " Readers entranced by The Help will be equally riveted by Wench. A deeply moving, beautifully-written novel told from the heart. " —USA Today

Winner of the National Book Award and the Pulitzer Prize: "[A] commanding and important book." —Jill Lepore, The New Yorker This epic work—named a best book of the year by the Washington Post, Time, the Los Angeles Times, Amazon, the San Francisco Chronicle, and a notable book by the New York Times—tells the story of the Hemingses, whose close blood ties to our third president had been systematically expunged from American history until very recently. Now, historian and legal scholar Annette Gordon-Reed traces the Hemings family from its origins in Virginia in the 1700s to the family ' s dispersal after Jefferson ' s death in 1826.

Life in the old South has always fascinated Americans—whether in the mythical portrayals of the planter elite from fiction such as Gone With the Wind or in historical studies that look inside the slave cabin. Now Brenda E. Stevenson presents a reality far more gripping than popular legend, even as she challenges the conventional wisdom of academic historians. Life in Black and White provides a panoramic portrait of family and community life in and around Loudoun County, Virginia—weaving the fascinating personal stories of planters and slaves, of free blacks and poor-to-middling whites, into a powerful portrait of southern society from the mid-eighteenth century to the Civil War. Loudoun County and its vicinity encapsulated the full sweep of southern life. Here the region's most illustrious families—the Lees, Masons, Carters, Monroes, and Peytons—helped forge southern traditions and attitudes that became characteristic of the entire region while mingling with yeoman farmers of German, Scotch-Irish, and Irish descent, and free black families who lived alongside abolitionist Quakers and thousands of slaves. Stevenson brilliantly recounts their stories as she builds the complex picture of their intertwined lives, revealing how their combined histories guaranteed Loudon's role in important state, regional, and national events and controversies. Both the Declaration of Independence and the U.S. Constitution, for example, were hidden at a local plantation during the War of 1812. James Monroe wrote his famous "Doctrine" at his Loudon estate. The area also was the birthplace of celebrated fugitive slave Daniel Dangerfield, the home of John Janney, chairman of the Virginia secession convention, a center for Underground Railroad activities, and the location of John Brown's infamous 1859 raid at Harpers Ferry. In exploring the central role of the family, Brenda Stevenson offers a wealth of insight: we look into the lives of upper class women, who bore the oppressive weight of marriage and motherhood as practiced in the South and the equally burdensome roles of their husbands whose honor was tied to their ability to support and lead regardless of their personal preference; the yeoman farm family's struggle for respectability; and the marginal economic existence of free blacks and its undermining influence on their family life. Most important, Stevenson breaks new ground in her depiction of slave family life. Following the lead of historian Herbert Gutman, most scholars have accepted the idea that, like white, slaves embraced the nuclear family, both as a living reality and an ideal. Stevenson destroys this notion, showing that the harsh realities of slavery, even for those who belonged to such attentive masters as George Washington, allowed little possibility of a nuclear family. Far more important were extended kin networks and female headed households. Meticulously researched, insightful, and moving, Life in Black and White offers our most detailed portrait yet of the reality of southern life. It forever changes our understanding of family and race relations during the reign of the peculiar institution in the American South.

When Nathan approaches Tanya in a crowded club on a dare, he expects to be shot down. After all, what would a gorgeous black woman like her want with a lame guy like him? He gets a shock when she decides to spend the night with him, and an even bigger shock when they get back to her place and she reveals her true intentions: to humiliate, dominate and degrade him sexually!

Richard Dunn reconstructs the lives of three generations of slaves on a sugar estate in Jamaica and a plantation in Virginia, to understand the starkly different forms slavery took. Deadly work regimens and rampant disease among Jamaican slaves contrast with population expansion in Virginia leading to the selling of slaves and breakup of families.
