Este primer número del 2017 de la Revista Digital Internacional de Psicología y Ciencia Social (RDIPyCS), constituye el tercer volumen de la revista e implica la inquietud del equipo editorial por mantener políticas de publicación científicas acordes a la era de la información, en donde se desarrollen alternativas de difusión incluyentes, innovadoras, transparentes, abiertas y gratuitas. El volumen anterior enfatizó la invocación de un sentido de responsabilidad social en la ciencia a través de la construcción de un tejido social científico en donde impere un pluralismo sociológico caracterizado por la aceptación de la diversidad y se realicen acciones de equidad en un entorno transdisciplinar. En este nuevo número se da continuidad a la búsqueda de mejora, por lo que se incluyen en este número interesantes artículos en distintos formatos de publicación, como lo son: el tradicional artículo en formato PDF, el práctico formato ePub, así como un accesible formato MP3; permitiendo así alcanzar cada vez más lectores y contribuir a la difusión de la psicología como ciencia. Se pretende, por otro lado, ratificar el compromiso con autores, revisores y lectores al garantizar la transparencia de todo el proceso editorial a través de herramientas tales como Open Journal Systems y Content Management Systems.

Between 1973 and 2016, the ways to manipulate DNA to endow new characteristics in an organism (that is, biotechnology) have advanced, enabling the development of products that were not previously possible. What will the likely future products of biotechnology be over the next 5–10 years? What scientific capabilities, tools, and/or expertise may be needed by the regulatory agencies to ensure they make efficient and sound evaluations of the likely future products of biotechnology? Preparing for Future Products of Biotechnology analyzes the future landscape of biotechnology products and seeks to inform forthcoming policy making. This report identifies potential new risks and frameworks for risk assessment and areas in which the risks or lack of risks relating to the products of biotechnology are well understood.

A complete and thorough DIY repair manual for Exakta VX and VXIIa cameras. The step-by-step instructions combined with excellent photographs allow a high rate of success. Much of the information specific to these models has never been published!

After nearly a decade as a sous-chef in a trendy eatery, and fresh off a divorce

from the owner, Jenna Stevens is desperate for a change. So when she spots a for-lease sign in her hometown, she impulsively decides to open her very own cooking store. Her crash course in business is aided by a streetwise store manager and Jenna's adoptive mother. But as soon as she gains a foothold in her new life, in walk her birth parents—aging hippies on a quest to reconnect. Now Jenna must figure out how to reconcile the free-spirited Serenity and Tom with the parents who raised her and decide whether to open her heart to a man who just might be the best thing to happen to her in years. All without sacrificing her newly found dreams. In the end, Jenna will find that there is no perfect family, only the people we love....
