For 30 years some of the most talented and bravest drivers have battled across the continents of the world to claim what is arguably motorsport's toughest prize: the World Rally Championship. Now a multi-million dollar, global technology battle and terrestrial television phenomenon played out over the frozen wastes of Finland, the dusty plains of Australia and the sun-kissed mountain roads of Corsica, the WRC has reached its 30th birthday. This book celebrates that important milestone and paints an exhaustively detailed picture of the people and personalities who have shaped this great sport. The Complete Book of the World Rally Champions provides a biographical account of the 65 men who have won at least one World Championship Rally since 1973. The biographies are compiled by the sport's leading writers and historians and complemented by stunning photography. The book includes a detailed and accurate statistical career record of each driver, plus highlights of all the significant cars.

Jeremy Clarkson is once more Driven to Distraction. Brace yourself. Clarkson's back. And he'd like to tell you what he thinks about some of the most awe-inspiring, earth-shatteringly fast and jaw-droppingly cool cars in the world (oh, and a few irredeemable disasters...). Or he would if he could just get one or two things off his chest first. Matters such as: • The prospect of having Terry Wogan as president • Why you'll never see a woman driving a Lexus • The unforeseen consequences of inadequate birth control • Why everyone should spend a weekend with a digger Driven to Distraction is Jeremy Clarkson at full throttle. So buckle up, sit tight and

enjoy the ride. You're in for a hell of a lot of laughs. Praise for Jeremy Clarkson: 'Brilliant . . . laugh-out-loud' Daily Telegraph 'Outrageously funny . . . will have you in stitches' Time Out Number-one bestseller Jeremy Clarkson writes on cars, current affairs and anything else that annoys him in his sharp and funny collections. Jeremy Clarkson gets really riled in Round the Bend What's it like to drive a car that's actively trying to kill you? This and many other burning questions trouble Jeremy Clarkson as he sets out to explore the world from the safety of four wheels. Avoiding the legions of power-crazed traffic wombles attempting to block highway and byway, he:

- Shows how the world of performance cars may be likened to Battersea Dogs' Home
- Reveals why St Moritz may be the most bonkers town in all of the world
- Reminds us that Switzerland is so afraid of snow that any flakes falling on the road are immediately arrested
- Argues that washing a car is a waste of time

Funny, globe-trotting, irreverent and sometimes downright rude, Round the Bend is packed with curious and fascinating but otherwise hopelessly useless stories and facts about everything under the sun (and just occasionally cars). It's Jeremy Clarkson at his brilliant best. Round the Bend is a collection of Jeremy's motoring journalism from his column in the Sunday Times.
