picture of aging. Novak illustrates both the problems and the opportunities that accompany older age. This text helps students understand the tremendous variability in aging and introduces them to careers working with older adults. This new edition reflects the continued changes in the way we age. The fourth edition has been updated to include emerging issues in aging. These include the prevalence of HIV/AIDs in later life, current research on mental potential in old age, the creation of age-friendly cities, and new options for end-of-life care. Each chapter begins with a set of learning objectives to guide students in their reading, and concludes with a list of main points, questions for discussion or study, suggested readings, and relevant web sites to consult. Each chapter also includes up-to-date charts and graphs as well as key

The original Handbook of Research on Music Teaching and Learning was published in 1992 by Schirmer Books with the sponsorship of the Music Educators National Conference (MENC) and was hailed as "a welcome addition to the literature on music education because it serves to provide definition and unity to a broad and complex field" (Choice). This new companion volume, again with the sponsorship of the MENC, will take into account the significant changes in musiceducation in the intervening years. This second volume involves the profession's ...
