Home to the survivors of a race that once ruled the galaxy, the Aeldari craftworlds are massive starships that sail the sea of stars. Their peoples have so far evaded extinction through the unparalleled psychic prowess of the seers, the dedication of elite warriors that embody excellence in the art of battle, and the technological superiority of their sleek engines and weapons of war. Yet the times have grown dire, and now every one of their dwindling number must walk the darkest of paths if they are to overcome the lesser races of the galaxy and the terrible threat of Chaos. Despite the threats ranged against them, the children of Asuryan remain determined that the flame of the Aeldari will blaze brightly once more.

In this second installment in the trilogy, Thirianna embarks upon the mysterious Path of the Seer, which leads her to the otherrealm of the warp where daemons are made flesh and nightmares manifest – and where she is free to unleash her psychic powers. Original.

When the long-lost craftworld Ziasuthra reappears, Iyanna Arienal and Yvraine of the Ynnari lead an expedition to it in hope of retrieving the last cronesword. Still reeling from the advent of the Great Rift and the ravages of the tyranids, the aeldari inhabitants of Iyanden are shocked when they receive a message from a long-lost craftworld. Missing for millennia, the craftworld of Ziasuthra has suddenly reappeared from its sanctuary in the warp, and its denizens wish to make contact. Led by the Spiritseer Iyanna and Yvraine, the Emissary of Ynnead, a small force of craftworld aeldari head to Ziasuthra to open negotiations with their brethren. Behind their surface desire to help, however, Iyanna and Yvraine have a stronger motive: they are seeking the final cronesword, which could lie hidden behind ancient web portal on this craftworld. But how co-operative will the mysterious Ziasuthrans prove to be, or do they too have their own agenda?

A chilling mosaic novel by masters of their craft. On a misty cemetery world, three strangers are drawn together through mysterious circumstances. Each of them has a tale to tell of a narrow escape from death. Amid the toll of funerary bells and the creep and click of mortuary-servitors, the truth is confessed. But whose story can be trusted? Whose recollection is warped, even unto themselves? For these are strange stories of the uncanny, the irrational and the spine-chillingly frightening, where horrors abound and the dark depths of the human psyche is unearthed. A chilling portmanteau. I could feel the hairs on the back of my neck prickling. The perfect combination of horror and Warhammer 40,000.' Paul Kane – bestselling and award-winning author of Sherlock Holmes and the Servants of Hell and Before

The ancient eldar are a mysterious race, each devoting their life to a chosen path which will guide their actions and decide their fate. Korlandril abandons peace for the Path of the Warrior. He becomes a Striking Scorpion, a deadly fighter skilled in the art of close-quarter combat. But the further Korlandril travels down this path, the closer he gets to losing his identity and becoming an avatar of war.
