A surprising and inventive take on tatting, one of the oldest forms of lace making. This detailed guide offers dozens of patterns for using metallic threads, vibrant beads, and inexpensive jewelry fittings to create fantastic necklaces, bracelets, pendants, and earrings in intricate filigree designs. Readers can customize the results by choosing the colors and threads they like best to produce one-of-a-kind accessories that will complement any outfit. It's a feast of inspired, fashion-conscious ideas for everyone from beginners to experienced and dedicated tatters.

A guide for crafty kids and their parents mixes a family friendly design with a treasure trove of creative and educational projects that parents and their kids, aged three to twelve, can create together.

A vintage technique for today's crafter

Black beaded butterflies to edge a dress, Tudor roses blossoming on brooches, and a ring cushion trimmed with lacy flowers and pearls: tatting beautifully enhances clothes, jewelry, soft furnishings, and other accessories. This centuries old craft still thrives today, so explore its potential with a wide ranging collection of charming, innovative designs. Begin with a variety of patterns and motifs, including a simple snowflake, beads and picots, water lilies, and a ten-flower oval. Put them together to make mats and coasters, or stitch them onto a bangle for a hanging decoration. Take the art further, and fashion delicate earrings, elegant chokers, and pretty collars-or adorn blank cards with eye-catching designs. Over 40 original patterns, shown in color photographs and diagrams, will enchant you.

Long hailed as a seminal work of modernism in the tradition of Joyce and Kafka, and now available in a supple new English translation, Italo Svevo's charming and splendidly idiosyncratic novel conducts readers deep into one hilariously hyperactive and endlessly self-deluding mind. The mind in question belongs to Zeno Cosini, a neurotic Italian businessman who is writing his confessions at the behest of his psychiatrist. Here are Zeno's interminable attempts to quit smoking, his courtship of the beautiful yet unresponsive Ada, his unexpected—and unexpectedly happy—marriage to Ada's homely sister Augusta, and his affair with a shrill-voiced aspiring singer. Relating these misadventures with wry wit and a perspicacity at once unblinking and compassionate, Zeno's Conscience is a miracle of psychological realism.

Illustrations and step-by-step instructions for creating lovely tatted designs to fill a treasure chest: snowflake ornaments, choker necklaces, a delicate holly mat, and other lovely projects.
