Mining is a more passive form of income, and while there are tools to automate trading, trading is still much more time-consuming. Less stressful. With all the fluctuations of the prices of cryptocurrency, trading isn't for the faint of heart, especially when large amounts of money are involved. In regards to stress, mining is just a piece of cake.

How to Manage – Risks of Cryptocurrency Investing. When choosing a cryptocurrency to trade, you must consider its liquidity by analyzing its acceptance, popularity, and the number of exchanges it's been traded on. Lesser-known cryptocurrencies could have a lot of upside potential, but could put you in trouble because of lack of liquidity.
