A textbook for students who have made some progress in learning French offers instruction in speaking, understanding, reading, and writing the language.

Following the organization of the main text, this essential resource provides additional out-of-class practice, with four parts to each unit. Français écrit and Français parlé contain written and listening activities, respectively, for all three lessons in a unit. Vie pratique offers both written and listening activities based on the practical language section, and Images du monde Francophone provides written and listening activities based on the cultural magazine sections. Revision tests appear after Unites 3, 6, 9, and 11. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Katie was a normal American teenager when she decided to explore the possibility of voluntary work overseas. She temporarily 'quit life' to serve in Uganda for a year before going to college. However, returning to 'normal' became impossible and Katie 'quit life' - college, designer clothes, her little yellow convertible and her boyfriend - for good, remaining in Uganda. In the early days she felt as though she were trying to empty the ocean with an eyedropper, but has learnt that she is not called to change the world in itself, but to change the world for one person at a time. By the age of 22 Katie had adopted 14 girls and founded Amizima Ministries which currently has sponsors for over 600 children and a feeding program for Uganda's poorest citizens - so it is no wonder she feels Jesus wrecked her life, shattered it to pieces, and put it back together making it more beautiful than it was before.
