Dreams Illusion And Other Realities

The stories concern kings and yogis dreaming their way into alternate realities; the questions raised concern how such alternate realities relate to our day-to-day variety. Implicitly contrasted is Prof. Doniger, noted Sanskrit scholar, versus young Wendy, learning to read Alice in Wonderland (297).

The Interpretation of Dreams. The Western assumption that dreams are softer (more subjective, false, private, transient, and illusory) than the hard facts of waking life (which we think of as objective, true, public, permanent, and real) is an assumption that is not shared by Indian texts devoted to the meaning of dreams.

"Wendy Doniger O'Flaherty . . . weaves a brilliant analysis of the complex role of dreams and dreaming in Indian religion, philosophy, literature, and art. . . . In her creative hands, enchanting Indian myths and stories illuminate and are illuminated by authors as different as Aeschylus, Plato, Freud, Jung, Kurt Gödel, Thomas Kuhn, Borges, Picasso, Sir Ernst Gombrich, and many others. This richly suggestive book challenges many of our fundamental assumptions about ourselves and our world."—Mark C. Taylor, New York Times Book Review

"Dazzling analysis. . . . The book is firm and convincing once you appreciate its central point, which is that in traditional Hindu thought the dream isn't an accident or byway of experience, but rather the locus of epistemology. In its willful confusion of categories, its teasing readiness to blur the line between the imagined and the real, the dream actually embodies the whole problem of knowledge. . . . [O'Flaherty] wants to make your mental flesh creep, and she succeeds."—Mark Caldwell, Village Voice

Examines Indian myths and folktales about dreams and the nature of reality, compares these beliefs with the teachings of Freud and Plato, and discusses illusion and tests of reality

novel. Reprint. 20,000 first printing.

From the National Book Award-winning author of *Just Kids* and *M Train*, a profound, beautifully realized memoir in which dreams and reality are vividly woven into a tapestry of one transformative year. Following a run of New Year's concerts at San Francisco's legendary Fillmore, Patti Smith finds herself tramping the coast of Santa Cruz, about to embark on a year of solitary wandering. Unfettered by logic or time, she draws us into her private wonderland with no design, yet heeding signs--including a talking sign that looms above her, prodding and sparring like the Cheshire Cat. In February, a surreal lunar year begins, bringing with it unexpected turns, heightened mischief, and inescapable sorrow. In a stranger's words, "Anything is possible: after all, it's the Year of the Monkey." For Smith--inveterately curious, always exploring, tracking thoughts, writing--the year evolves as one of reckoning with the changes in life's gyre: with loss, aging, and a dramatic shift in the political landscape of America. Smith melds the western landscape with her own dreamscape. Taking us from California to the Arizona desert; to a Kentucky farm as the amanuensis of a friend in crisis; to the hospital room of a valued mentor; and by turns to remembered and imagined places, this haunting memoir blends fact and fiction with poetic mastery. The unexpected happens; grief and disillusionment set in. But as Smith heads toward a new decade in her own life, she offers this balm to the reader: her wisdom, wit, gimlet eye, and above all, a rugged hope for a better world. Riveting, elegant, often humorous, illustrated by Smith's signature Polaroids, *Year of the Monkey* is a moving and original work, a touchstone for our turbulent times.

Download Free Dreams Illusion And Other Realities

Wendy Doniger's foundational study is both modern in its engagement with a diverse range of religions and refreshingly classic in its transhistorical, cross-cultural approach. By responsibly analyzing patterns and themes across context, Doniger reinvigorates the comparative reading of religion while tapping into a wealth of narrative traditions, from the instructive tales of Judaism and Christianity to the moral lessons of the Bhagavad Gita. She extracts political meaning from a variety of texts while respecting the original ideas of each. A new preface confronts the difficulty of contextualizing the comparison of religions as well as controversies over choosing subjects and positioning arguments, and the text itself is expanded and updated throughout. `An entertaining and highly accessible look at how myths reveal what is common to all humanity.---Parabola `A racy, enjoyable book...Wendy Doniger brings to her study a wealth of story and folklore from many different traditions, exploring creatively the enduring role of myth through time and across cultures.---Theological Book Review `A timely meditation on what comparative studies might mean...a cross-cultural comparison of different stories from different areas of the world, different tribes, different languages."---London Review of Books "A book that is particularly worthy of the attention of readers in religious studies beyond the history of religions. Since it is Wendy Doniger's most methodological book. The Implied Spider is important, not fur its analysis of myths, but for the arguments that it makes in support of the comparative study of myths.'---Religious Studies Review "By analyzing the political, theological, and psychological structures of the sacred stories of various cultures through time, from the Hebrew Bible to Star Trek. Doniger shows how myths create a shared interdisciplinary narrative of all human creatures....Ranging widely, she offers a detailed, scholarly account."---Library Journal "Sparkingg with erudite and

Download Free Dreams Illusion And Other Realities

often entertaining intertextual references. The implied Spider is an impressive web delicately constructed of deft analysis together with a sustained argument about the myth's ability to convey and conjure the theological and the political. With its challenges to literary theorists, historians, and ethnographers, it takes various bulls by their respective horns, It will doubtless delight and surely provoke readers, whatever their ilk."---Church History

Centuries.... By studying together pagan and Christian dreams, Cox Miller hopes to reach a better understanding of some fundamental patterns of late antique culture. DLGuy G. Stroumsa, The Journal of Religion A fluent and discursive text.... This is an adventurous exploration of a range of material which deserves to be more widely known.DLGillian Clark, The Classical Review.
