family. When Adair Lara ' s daughter Morgan turned thirteen, she was transformed, seemingly overnight, from a sweet, loving child into an angry, secretive teenager who would neither listen nor be disciplined. The author, her youngest son, Patrick, her ex-husband, Jim, and her new husband, Bill, all stepped on a five-year roller-coaster ride in which Morgan incarnated the chaos principle in torn jeans and dyed hair. Drinking, drugging, disappearing, suspicious companions, failing and cheating at school, joy riding in a stolen car—there was no variety of adolescent acting out that she didn ' t indulge in. For Adair Lara it became an endless sojourn at the end of her rope, a trial immensely complicated by the reappearance in her life of her aging father, a man

who had abandoned his wife and seven children decades earlier. Inevitably, Morgan ' s misbehavior revives memories of her own headstrong adolescence, while her father ' s presence makes agonizingly real for her the consequences of giving up. Paradoxically, he also becomes the source of her best advice. *Hold Me Close, Let Me Go* is an emotionally charged, often brutally honest memoir that all parents (and anyone who was ever a teenager) will experience shocks of recognition from while reading. It imparts invaluable lessons about holding loved ones close through the roughest passages and about the power of family to overcome the most grievous obstacles. Adair Lara is a clear-eyed and eloquent witness to the complex costs and rewards of

unflinching eye on the adult author, showing how patterns of deception pass through generations. My dysfunctional, uniquely vibrant family manages to endure, and Say Uncle shows what it is like to slowly heal and that the detour is the path. This memoir weaves through the silliness of poltergeists, Joey the Fairy, psychedelic wedding cakes, down through ill-treatment and disturbing incest, all without bitterness and with the same kind of irreverent eye Mary Karr uses in Liar's Club. It's more uplifting than Running with Scissors, probably instead like Skipping With Pinking Shears, heartbreaking like Dave Eggar's childhood.
