Social Culture in China | USA Today

PEASANTS. Although peasant farmers in ancient China were one of the lowest social classes, they were still considered important as they produced the food that sustained the society. Most peasants were very poor and led simple lives. They worked through the burning heat of summer and the bitter cold of winter.

The social order of Ancient China by Stefan Ketzamanis

Ancient China produced what has become the oldest extant culture in the world. The name 'China' comes from the Sanskrit Cina (derived from the name of the Chinese Qin Dynasty, pronounced 'Chin') which was translated as 'Cin' by the Persians and seems to have become popularized through trade along the Silk Road from China to the rest of the world.. The Romans and the Greeks knew the country as ...

Listen to this article. X. Women in ancient China did not enjoy the status, either social or political, afforded to men. Women were subordinate to first their fathers, then their husbands, and finally, in the case of being left a widow, their sons in a system known as the "three followings" or sancong. Often physically ill-treated, socially segregated, and forced to compete for their husband's affections with concubines, a woman's place was an unenviable one.

Early China by Li Feng—Goodreads

The rise of the Qin Empire (221–206 BC) was one of the greatest epics in human history. Like the Macedonians whose kingdom was dotted on the edge of a great civilization for centuries before they rose as a superpower, the Qin had a very long history that goes as far back as to the Western Zhou period.
