Aviation English for Pilots | Aviation English Blog

Aviation English is the de facto international language of civil aviation. With the expansion of air travel in the 20th century, there were safety concerns about the ability of pilots and air traffic controllers to communicate. In 1951, the International Civil Aviation Organization (ICAO) recommended in "ICAO Annex 10 ICAO (Vol I, 5.2.1.1.2) to the International Chicago Convention" that English ...

When he does that, he dictates which language is used, as whilst the air traffic controller may know English and, say, French, the pilot doesn't necessarily know French. It's a general rule between air traffic controllers that you always address in English, as you don't necessarily know the nationality of the pilot who you are talking to. English is compulsory for all pilots to know how to speak, which is the main reason it is the universal language to address pilots in.
