A new volume in the Liveright series of Cummings reissues, offset from the authoritative Complete Poems 1904-1962.

Poems from each period of Cummings' career show his development as a writer, and the major themes in all his work.

A new volume in the Liveright series of Cummings reissues, offset from the authoritative Complete Poems 1904-1962. The poems in Etcetera were discovered in three Cummings manuscript collections and selected from more than 350 unpublished pieces. Many of the poems are from his early years and all convey his freshness and youthful spirit, exhibiting his celebration of love and delight in common natural phenomena. Etcetera was first published by Liveright in 1983. This newly reissued edition is published in a uniform format with *Is 5*, *Tulips & Chimneys*, *ViVa*, *XAIPE*, and *No Thanks*.

This volume is a major, ground-breaking study of the modernist E. E. Cummings' engagement with the classics. With his experimental form and syntax, his irreverence, and his rejection of the highbrow, there are probably few current readers who would name Cummings if asked to identify 20th-century Anglophone poets in the Classical tradition. But for most of his life, and even for ten or twenty years after his death, this is how many readers and critics did see Cummings. He specialised in the study of classical literature as an undergraduate at Harvard, and his contemporaries saw him as a 'pagan' poet or a 'Juvenalian' satirist, with an Aristophanic sense of humour. In *E.E. Cummings' Modernism and the Classics*, Alison Rosenblitt aims to recover for the contemporary reader this lost understanding of Cummings as a classicizing poet. The book also includes an edition of previously unpublished work by Cummings himself, unearthed from archival research. For the first time, the reader has access to the full scope of Cummings' translations from Horace, Homer, and Greek drama, as well as two short pieces of classically-related prose, a short 'Alcaics' and a previously unknown and classicizing parody of T. S. Eliot's *The Waste Land*. This new work is exciting in its own right and essential to understanding Cummings' development as a poet.

Now children can claim for their very own the puddle-wonderful (mudluscious) world where buds know better than books don't grow, where little itchy mousies with scuttling eyes rustle and run and hidehidehide, and the ree ray rye roh rowster shouts rawrOO. Cummings's poetry more than that of any other major American poet keeps faith with childhood. These twenty poems were selected by him and published privately in 1962. *Hist Whist* combines the original twenty poems enfantins with the first appearance of the beautiful and evocative line drawings of the young California artist David Calsada. His sensitive pen has captured the spirit of Cummings's poems in its detailed rendering of a world that only poets and children can see.

Zoopoetics assumes Aristotle was right. The general origin of poetry resides, in part, in the instinct to imitate. But it is an innovative imitation. An exploration of the oeuvres of Walt Whitman, E. E. Cummings, W. S. Merwin, and Brenda Hillman reveals the many places where an imitation of another species' poiesis (Greek, makings) contributes to breakthroughs in poetic form. However, humans are not the only imitators in the animal kingdom. Other species, too, achieve breakthroughs in their makings through an attentiveness to the ways-of-being of other animals. For this reason, mimic octopi, elephants, beluga whales, and many other species join the exploration of what zoopoetics encompasses. Zoopoetics provides further traction for people interested in the possibilities when and where species meet. Gestures are paramount to zoopoetics. Through the interplay of gestures, the human/animal/textual spheres merge making it possible to recognize how actual, biological animals impact the material makings of poetry. Moreover, as many species are makers, zoopoetics expands the poetic tradition to include nonhuman poiesis.
