Foundations of Business - 5th edition. Foundations of Business - 3rd edition. Shop Us With Confidence. Summary. Written by authors who have an extensive track record teaching the Introduction to Business course, the fourth edition of this best-selling text features an up-to-date, comprehensive survey of business, including management and organization, human resource management, marketing, social media and e-business, information systems, accounting, and finance.

Gain a solid understanding of business today and what it takes to become a better employee, more informed consumer, and even a successful business owner with the best-selling FOUNDATONS OF BUSINESS, 5E. This up-to-date, comprehensive survey of business highlights forms of business ownership, management and organization, human resources management, marketing, social media and e-business, information systems, accounting, and finance. Core topics and special features examine ethics and social responsibility, small business and entrepreneurship, and global issues, while new coverage addresses cutting-edge topics, such as the impact of social media in business, the economic recovery and remaining economic issues, international business, green and socially responsible business, and sustainability. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

FOUNDATIONS OF LEGAL RESEARCH AND WRITING, Fifth Edition is the ideal resource for paralegals. The book's up-to-the-minute coverage tackles the ever-evolving areas of computer-assisted research and Cyber law, in addition to traditional legal research, analysis, and writing. Extensive research chapters address primary and secondary sources, citing, Lexis/Nexis, the Internet, and more, while writing sections center on drafting client opinion letters, pleadings, contracts, office memos, memoranda of law, and appellate briefs. Every chapter gives you practice writing opportunities, as well as traditional and computer-assisted research assignments to help develop your skills. Detailed case excerpts, samples, tips, and discussions further support the assignments, and illustrate the many perils of inadequate research and poor legal writing. Readers everywhere agree that FOUNDATIONS OF LEGAL RESEARCH AND WRITING, Fifth Edition delivers the concepts you need for success in the most demanding law firms and legal departments today. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Assuming no prior knowledge, the second edition of Foundations of Economics introduces students to both microeconomic and macroeconomic principles. This is the ideal text for foundation degrees and non-specialist courses for first year undergraduates.

A thoroughly revised and updated edition of a textbook for graduate students in finance, with new coverage of global financial institutions. This thoroughly revised and updated edition of a widely used textbook for graduate students in finance now provides expanded coverage of global financial institutions, with detailed comparisons of U.S. systems with non-U.S. systems. A focus on the actual practices of financial institutions prepares students for real-world problems. After an introduction to financial markets and market participants, including asset management firms, credit rating agencies, and investment banking firms, the book covers risks and asset pricing, with a new overview of risk; the structure of interest rates and interest rate and credit risks; the fundamentals of primary and secondary markets; government debt markets, with new material on non-U.S. sovereign debt markets; corporate funding markets, with new coverage of small and medium enterprises and entrepreneurial ventures; residential and commercial real estate markets; collective investment vehicles, in a chapter new to this edition; and financial derivatives, including financial futures and options, interest rate derivatives, foreign exchange derivatives, and credit risk transfer vehicles such as credit default swaps. Each chapter begins with learning objectives and ends with bullet point takeaways and questions.

Now in its fifth edition, the internationally acclaimed Foundations for Practice in Occupational Therapy continues to provide a practical reference tool which is both an indispensable guide to undergraduates and a practical reference tool for clinicians in the application of models and theories to practice. Underlining the importance and clinical relevance of theory to practice, the text provides an excellent introduction to the theoretical basis of occupational therapy. Contributions are given by both academics and expert clinicians. All chapters have been revised and updated, new ones have been written and some pre-existing chapters have new authors. A refined structure uses highlight boxes to indicate the key themes and issues of each chapter and useful reflective questions to help the reader review the issues raised in the chapter. Discusses evidence-based practices and established theories but also includes contemporary developments Range of expert contributors provide an international perspective of practice Case studies highlighting the application of theory to practice Details of the latest developments and debates in the field 2 chapters on the PEOP model and community-based rehabilitation Highlight boxes throughout indicating key themes/issues Reflective questions at the end of each chapter

INTRODUCTION TO BUSINESS, 11E, International Edition is a best-selling introductory text featuring an up-to-date, comprehensive survey of the functional areas of business: management, marketing, accounting, finance, and information technology. This edition closely examines cutting-edge topics like the impact of the economic crisis and political climate on business, green and socially responsible business, and sustainability. INTRODUCTION TO BUSINESS, 11E, International Edition delivers on expanded choice, increased engagement and improved outcomes by offering innovative custom and technology options that meet the needs of your course. Increase student engagement and improve outcomes by incorporating one of our digital products into your course.

(Black & White version) Fundamentals of Business was created for Virginia Tech's MGT 1104 Foundations of Business through a collaboration between the Pamplin College of Business and Virginia Tech Libraries. This book is freely available at: <http://hdl.handle.net/10919/70961> It is licensed with a Creative Commons-NonCommercial ShareAlike 3.0 license.

Inspired by the success of their best-selling introductory programming text, Java Software Solutions, authors Lewis, DePasquale, and Chase now release Java Foundations, Second Edition. This text is a comprehensive resource for instructors who want a two- or three-semester introduction to programming textbook that includes detail on data structures topics. Java Foundations introduces a Software Methodology early on and revisits it throughout to ensure students develop sound program development skills from the beginning. Control structures are covered before writing classes, providing a solid foundation of fundamental concepts and sophisticated topics.

Written by authors with an extensive track record in teaching business, the Europe, Middle East and Africa Edition of this bestselling volume features an up-to-date and comprehensive survey of the functional areas of business, including management, human resources, marketing, accounting, finance and investment. Brimming with real examples that address ethics and social responsibility, sustainable practice, small business and entrepreneurship, global issues, and the increasing role of social media, this landmark text provides an engaging and authoritative introduction to business.
