~~Handbook of Antioxidants for Food Preservation (Woodhead ...~~

F. Shahidi, in Handbook of Antioxidants for Food Preservation, 2015. Abstract. Antioxidants are used in food to protect it from deleterious effects of oxidation and are also employed as dietary supplements to neutralize the adverse effects of oxidative stress. Many of the natural antioxidants of interest are of plant origin and belong to the phenolic and polyphenolic class of compounds as well as carotenoids and antioxidant vitamins, among others.
