Reviewing the first episode, The Guardian's Sam Wollaston concluded that: "In The Dark is by no means a trope-free zone...But once you have accepted that, it's a crisp opener (of four) - pacy, thoughtful and skilfully constructed, with multiple strands I am eager to see twisted together again."

New York Times bestselling author Karen Rose returns with a new thriller in her chilling Cincinnati series. Michael Rowland is not your typical teenager. Deaf from birth, he's always looked out for his five-year-old brother, Joshua. When his stepfather comes after Joshua, Michael takes the child and runs. He's determined to protect his brother at all costs, even if that means making himself vulnerable to a danger he can't hear coming. And the danger intensifies when Michael witnesses a stranger kill his stepfather. Desperate and afraid, the boys have nowhere else to go but to Joshua's soccer coach, journalist and ex-Army ranger Diesel Kennedy. When Diesel sees that Michael is injured, he takes them to see Dr. Dani Novak—not only because she's fluent in American Sign Language, but because he's drawn to her and everything she stands for. She never refuses Diesel's requests—because she, too, feels their connection—but she resists him for reasons she doesn't want to confess. When Dani and Diesel learn that Michael saw the face of his stepfather's killer, they fear for his safety. But they quickly discover that it's even worse than they feared: They may have a serial killer on their hands—and all signs point to Michael as the next target. “[A] pedal-to-the-metal thriller with plenty of developed characters and converging mysteries. . . . To call this book a page-turner is an understatement.”—USA Today on *Say You're Sorry* “Rose writes blistering, high-octane suspense that never lets up.”—New York Times bestselling author Karen Robards

they appear to be Do you know what they're hiding in the house next door? A woman and child are found locked in a basement, barely alive, and unidentifiable: the woman can't speak, there are no missing persons reports that match their profile, and the confused, elderly man who owns the house claims he has never seen them before. The inhabitants of the quiet street are in shock—how could this happen right under their noses? But Detective Inspector Adam Fawley knows nothing is impossible. And no one is as innocent as they seem. As the police grow desperate for a lead, Fawley stumbles across a breakthrough, a link to a case he worked years before about another young woman and child gone missing, never solved. When he realizes the missing woman's house is directly adjacent to the house in this case, he thinks he might have found the connection that could bring justice for both women. But there's something not quite right about the little boy from the basement, and the truth will send shockwaves through the force that Fawley never could have anticipated. A deeply unsettling, heart-stopping mystery of long-buried secrets and the monsters who hide in plain sight, *In the Dark* is the second gripping novel featuring DI Adam Fawley.

A novel about a young woman's life-altering affair with a much older, married woman. Mallory is a freshman in college, reeling from her mother's recent death, when she encounters the woman. She sees her for the first time at the university's gym, immediately entranced. Soon, they meet, drawn by an electric tension and shared past wounds; before long, they begin sleeping together in secret. Self-possessed, successful, brilliant, and aloof—the woman is everything Mallory wants...and wants to be. Desiring not only the woman but also the idea of who she is when they're together, Mallory retreats from the rest of the world, solidifying a sense of aloneness that has both haunted and soothed her since childhood and will continue to do so for years even after the affair ends. As an adult, Mallory must decide whether to stay safely in isolation or step fully into the world, to confront what the woman meant to her and how their relationship shaped her, for better or worse. Mallory's life is transformed by loss and by love and by discovering who she is while enduring both. In this enthralling debut novel, the complexities of influence, obsession, and admiration reveal how desire and its consequences can alter the trajectory of someone's life.

From the celebrated film critic and author of *The Biographical Dictionary of Film*--an essential work on the preeminent, indispensable movie directors and the ways in which their work has forged, and continues to forge, the landscape of modern film. Directors operate behind the scenes, managing actors, establishing a cohesive creative vision, at times literally guiding our eyes with the eye of the camera. But we are often so dazzled by the visions on-screen that it is easy to forget the individual who is off-screen

orchestrating the entire production--to say nothing of their having marshaled a script, a studio, and other people's money. David Thomson, in his usual brilliantly insightful way, shines a light on the visionary directors who have shaped modern cinema and, through their work, studies the very nature of film direction. With his customary candor about his own delights and disappointments, Thomson analyzes both landmark works and forgotten films from classic directors such as Orson Welles, Alfred Hitchcock, Jean Renoir, and Jean-Luc Godard, as well as contemporary powerhouses such as Jane Campion, Spike Lee, and Quentin Tarantino. He shrewdly interrogates their professional legacies and influence in the industry, while simultaneously assessing the critical impact of an artist's personal life on his or her work. He explores the male directors' dominance of the past, and describes how diversity can change the landscape. Judicious, vivid, and witty, *A Light in the Dark* is yet another required Thomson text for every movie lover's shelf.

An extreme wildlife photographer explores the bizarre species that thrive in complete darkness with more than 200 mesmerizing color photos. Deep inside caves, at the bottoms of oceans and lakes, beneath the ground: these concealed habitats are absent of sunlight, and yet full of life. This strange world of complete darkness is inhabited by millions of life forms that most humans have never seen. Now Danté Fenolio brings the denizens of these shadowy haunts into focus. *Life in the Dark* shows us the many ways in which life forms have adapted to lightless environments, including refinements of senses, evolution of unique body parts, and illumination using “biological flashlights.” Discover fascinating creatures like the firefly squid, the giant Amazonian catfish, the Chinese cavefish, and even the human bot fly, which lives in the darkness beneath its host's skin. Fenolio's rich and vibrant images shed new light on the world's fascinating creatures of darkness.

Haunting, lyrical, unforgettable, *Girl in the Dark* is a brave new memoir of a life without light. Anna Lyndsey was young and ambitious and worked hard; she had just bought an apartment; she was falling in love. Then what started as a mild intolerance to certain kinds of artificial light developed into a severe sensitivity to all light. Now, at the worst times, Anna is forced to spend months on end in a blacked-out room, where she loses herself in audiobooks and elaborate word games in an attempt to ward off despair. During periods of relative remission, she can venture out cautiously at dawn and dusk into a world that, from the perspective of her cloistered existence, is filled with remarkable beauty. And through it all there is Pete, her love and her rock, without whom her loneliness seems boundless. One day Anna had an ordinary life, and then the unthinkable happened. But even impossible lives, she learns, endure. *Girl in the Dark* is a tale of an unimaginable fate that becomes a transcendent love story. It brings us to an extraordinary place from which we emerge to see the light and the world anew.

From debut author Stacy Willingham comes a masterfully done, lyrical thriller, certain to be the launch of an amazing career. *A Flicker in the Dark* is eerily compelling to the very last page. When Chloe Davis was twelve, six teenage girls went missing in her small Louisiana town. By the end of the summer, her own father had confessed to the crimes and was put away for life, leaving Chloe and the rest of her family to grapple with the truth and try to move forward while dealing with the aftermath. Now twenty years later, Chloe is a psychologist in Baton Rouge and getting ready for her wedding. While she finally has a fragile grasp on the happiness she's worked so hard to achieve, she sometimes feels as out of control of her own life as the troubled teens who are her patients. So when a local teenage girl goes missing, and then another, that terrifying summer comes crashing back. Is she paranoid, seeing parallels
