When Pamasonic Teffal, a sentient breadmaker, is sent on a top-secret mission into the depths of the internet and betrayed by her boss, a power-crazed smartphone, she knows this is only the beginning of a day that isn 't going to get any better. Join Darren, Kelly and Pam in an anarchic comic adventure that takes them from the shining skyscrapers of Singulopolis to the sewers of the Dolestar Discovery, and find out what happens when a person puts down their mop and bucket and says ' No. ' Battlestar Suburbia will be loved by fans of Douglas Adams, Terry Pratchett and Jasper Fforde, as well as anyone who 's ever wondered just how long someone can stay under one of those old-fashioned hairdryers.* *The answer is: a really very, very long time. What readers are saying: " I loved this book. I legit laughed through the entire novel and I am excited that there will be a sequel. " Terra C " A brilliant mix of sci-fi, humor, and those hundreds of little things that make a memorable story. McCrudden is destined to become synonymous with great sci-fi humor. " Christopher H " A deliciously hilarious romp which skirts the realms of credibility but provides a wild ride which kept me very much entertained throughout. It's bonkers, it's mad and so exaggerated to almost be genius in its execution. " Kath B " Featuring a kindly bread-maker, ancient nana-cyborgs, a moving hairdressers and a chance to avert a nuclear bomb, it's both great fun and very clever. " Ruth M " Battlestar Suburbia highlights the absurdity of life, and the adaptability of individuals in unusual situations. McCrudden 's novel will appeal to fans of Douglas Adams and Terry Pratchett, or anyone looking for an escape only loosely connected to reality. " Stephenie S " This was a trip! Some great one-lines & puns help create this future world where the machines have taken over. With evil smartphones, anti-hero humans, & a motherly bread maker pushed to the edge... " Caroline F " Chris McCrudden has created a new division of SF: Science Flotsam. His sprawling space epic is what you get if you cross Dr Who with an unhealthy fascination for household appliances. Forget alien invasion; in this explosive future you won 't be able to trust your spin dryer. " Christopher Fowler " McCrudden 's debut is festooned with cunning punnery, sharp turns of phrase, and jokes about emojis and the internet, making this very much a comic novel of our times. Master the evergreen traffic strategies to fill your website and funnels with your dream customers in this timeless book from the \$100M entrepreneur and co-founder of the software company ClickFunnels. The biggest problem that most entrepreneurs have isn't creating an amazing product or service; it's getting their future customers to discover that they even exist. Every year, tens of thousands of businesses start and fail because the entrepreneurs don't understand this one essential skill: the art and science of getting traffic (or people) to find you. And that is a tragedy. Traffic Secrets was written to help you get your message out to the world about your products and services. I strongly believe that entrepreneurs are the only people on earth who can actually change the world. It won't happen in government, and I don't think it will happen in schools. It'll happen because of entrepreneurs like you, who are crazy enough to build products and services that will actually change the world. It'll happen because we are crazy enough to risk everything to try and make that dream become a reality. To all the entrepreneurs who fail in their first year of business, what a tragedy it is when the one thing they risked everything for never fully gets to see the light of day. Waiting for people to come to you is not a strategy. Understanding exactly WHO your dream customer is, discovering where they're congregating, and throwing out the hooks that will grab their attention to pull them into your funnels (where you can tell them a story and make them an offer) is the strategy. That's the big secret. Traffic is just people. This book will help you find YOUR people, so you can focus on changing their world with the products and services that you sell.
