there's a lot to like in this book. Tim Lebbon dives into his very first Star Wars story with a great deal of success. He manages to spin a tale that feels like Star Wars, but also feels different from other stories that have been told before. While there is some threat of system wide destruction, the point is never pushed to being ridiculous.

Tim Lebbon's 2013 Star Wars novel Dawn of the Jedi: Into the Void is difficult to rate or review. First of all, this is a Star Wars novel, because we explore the Force and an early version of the Jedi, called the Jedaii. That's why I chose this work, I like ancient history, I like Star Wars, so how far back in the series can we go?
