The first question he addresses is "How does an imprisoned person become a jailhouse lawyer?" To answer, Mumia shares the stories of Jailhouse lawyers Steve Evans and Warren Henderson. We learn that jailhouse lawyers challenge the status quo, forcing prisons to change. For this jailhouse lawyers are singled out for discipline and retaliation (being put in the hole) more than another other group of prisoners. Mumia explains the verb, "to represent."

Jailhouse Lawyers is a persuasive refutation of the ideological underpinnings of the Prison Litigation Reform Act (PLRA). The way he situates the PLRA historically—as an inheritance of the Black Codes, which were themselves descended from the slave codes—allows us to recognize the extent to which historical memories of slavery and racism are inscribed in the very structures of the prison system and have helped to produce the prison-industrial-complex.

Stories of prisoners who learn law to represent—and sometimes win freedom for—fellow prisoners

“Expert and well-reasoned commentary on the justice system . . . His writings are dangerous.”—The Village Voice In *Jailhouse Lawyers*, award-winning journalist and death-row inmate Mumia Abu-Jamal presents the stories and reflections of fellow prisoners-turned-advocates who have learned to use the court system to represent other prisoners—many uneducated or illiterate—and, in some cases, to win their freedom. In Abu-Jamal’s words, “This is the story of law learned, not in the ivory towers of multi-billion-dollar endowed universities [but] in the bowels of the slave-ship, in the dank dungeons of America.” Includes an introduction by Angela Y. Davis. Mumia Abu-Jamal’s books include *Live From Death Row* and *Death Blossoms*.

Profound meditations on life, death, freedom, family, and faith, written by radical Black journalist, Mumia Abu-Jamal, while he was awaiting his execution. During the spring of 1996, black journalist Mumia Abu-Jamal was living on death row and expecting to be executed for a crime he steadfastly maintained he did not commit—the murder of a white Philadelphia police officer. It was in that period, with the likelihood of execution looming over him, that he received visits from members of the Bruderhof spiritual community—refugees from Hitler’s Germany—anti-fascist, anti-racist, and deeply opposed to the death penalty. Inspired by the encounters, Mumia hand-wrote *Death Blossoms*—a series of short essays and personal vignettes reflecting on his search for spiritual meaning, freedom, and truth in a deeply racist and materialistic society. Featuring a new introduction by Mumia and a report by Amnesty International detailing how his trial was “in violation of minimum international standards,” this new edition of *Death Blossoms* is essential reading for the Black Lives Matter era, and is destined to endure as a classic in American prison literature. Praise for *Death Blossoms*, Expanded Edition: “For years in my classrooms I have watched *Death Blossoms* do its luminous work. It has awakened the conscience of so many of my student readers. . . . From streets to classrooms and back, *Death Blossoms* keeps opening up consciences, hearts, and minds for our revolutionary work.”—Mark Lewis Taylor, Professor of Theology and Culture at Princeton Theological Seminary, and author of *The Theological and the Political: On the Weight of the World* “Targeted by the FBI’s COINTELPRO for his revolutionary politics, imprisoned, and sentenced to death, Mumia found freedom in resistance. His reflections here—on race, spirituality, on struggle, and life—illuminate this path to freedom for us all.”—Joshua Bloom, co-author with Waldo E. Martin Jr. of *Black Against Empire: The History and Politics of the Black Panther Party* “In this revised edition of his groundbreaking work, *Death Blossoms*, convicted death row prisoner Mumia Abu-Jamal tackles hard and existential questions, searching for God and a greater meaning in a caged life that may be cut short if the state has its way and takes his life. . . . If there is any justice, Mumia will prevail in his battle for his life and for his freedom.”—Lara Bazelon, author of *Rectify: The Power of Restorative Justice After Wrongful Conviction* “Mumia Abu-Jamal has challenged us to see the prison at the center of a long history of US oppression, and he has inspired us to keep faith with ordinary struggles against injustice under the most terrible odds and circumstances. Written more than two decades ago, *Death Blossoms* helps us to see

beyond prison walls; it is as timely and as necessary as the day it was published."—Nikhil Pal Singh, founding faculty director of the NYU Prison Education Program, author of *Race and America's Long War* "For over three decades, the words of Mumia Abu-Jamal have been tools many young activists have used to connect the dots of empire, racism, and resistance. The welcome reissue of *Death Blossoms* is a chance to reconnect with Abu-Jamal's prophetic voice, one that needs to be heard now more than ever."—Hilary Moore and James Tracy, co-authors of *No Fascist USA!*, *The John Brown Anti-Klan Committee* and *Lessons for Today's Movements*

More than 75 essays—many freshly composed by Mumia with the cartridge of a ball-point pen, the only implement he is allowed in his death-row cell—embody the calm and powerful words of humanity spoken by a man on Death Row. Abu-Jamal writes on many different topics, including the ironies that abound within the U.S. prison system and the consequences of those ironies, and his own case. Mumia's composure, humor, and connection to the living world around him represents an irrefutable victory over the "corrections" system that has for two decades sought to isolate and silence him. The title, *All Things Censored*, refers to Mumia's hiring as an on-air columnist by National Public Radio's "All Things Considered," and subsequent banning from that venue under pressure from law and order groups.

From James Patterson, the world's #1 bestselling author: a young lawyer takes on the judge who is destroying her hometown—and ends up in jail herself. In picture-perfect Erva, Alabama, the most serious crimes are misdemeanors. Speeding tickets. Shoplifting. Contempt of court. Then why is the jail so crowded? And why are so few prisoners released? There's only one place to learn the truth behind these incriminating secrets. Sometimes the best education a lawyer can get is a short stretch of hard time.

"Plea Bargaining has come to dominated the administration of justice in America." a quote from an article in the law journal by Timothy Lynch, PHD. Assistant Director of the CATO Institute's Project on Criminal Justice. It is a quote that is shared between crowded prisons and jails across America. It is a procedure which occurs every two seconds of any typical workday in America and it keeps our prisons overcrowded.

A founder of the Philadelphia branch of the Black Panther Party combines his personal experiences and extensive research to examine the revolutionary fervor and hope, as well as the oppression, of the Black Panther Party. Simultaneous. 10,000 first printing.

From the first slave writings to contemporary hip hop, the canon of African American literature offers a powerful counter-narrative to dominant notions of American culture, history, and politics. Resonant with voices of prophecy and resistance, the African American literary tradition runs deep with emancipatory currents that have had an indelible impact on the United States and the world. Mumia Abu-Jamal has been one of our most important contributors to this canon for decades, writing from the confines of the US prison system to give voice to those most silenced by chronic racism, impoverishment, and injustice. *Writing on the Wall* is a selection of one hundred previously unpublished essays that crystalize Mumia Abu-Jamal's essential perspectives on community, politics, power, social change, and US history. From discussions of Rosa Parks and Trayvon Martin to John Walker Lindh and Edward Snowden, Abu-Jamal articulates lucid, humorous, and often prescient insight into the past, present, and future of American politics and society. Written as radio commentaries from his prison cell in Death Row, where he was held in solitary confinement for close to thirty years, Mumia's revolutionary perspective brims with hope, encouragement, and

profound faith in the possibility of social change and redemption. MUMIA ABU-JAMAL is an award-winning journalist and author of two best-selling books, *Live From Death Row* and *Death Blossoms*, which address prison life from a critical and spiritual perspective. In 1981 he was elected president of the Association of Black Journalists (Philadelphia chapter). That same year he was arrested for allegedly killing a white police officer in Philadelphia. He was convicted and sentenced to death in 1982, in a process that has been described as an epic miscarriage of justice. After spending more than 28 years on death row, in 2011 his death sentence was vacated when the Supreme Court allowed to stand the decisions of four federal judges who had earlier declared his death sentence unconstitutional. He is now serving a life sentence without the possibility of parole. In spite of his three-decade-long imprisonment, most of which was spent in solitary confinement on Death Row, Abu-Jamal has relentlessly fought for his freedom and for his profession. From prison he has written seven books and thousands of radio commentaries. He holds a BA from Goddard College and an MA from California State University, Dominguez Hills. His books have sold more than 100,000 copies and have been translated into seven languages. JOHANNA FERNÁNDEZ is a former Fulbright Scholar to Jordan and Assistant Professor of History at Baruch College of the City University of New York where she teaches 20th Century US history and African American History. She is author of the forthcoming *When the World Was Their Stage: A History of the Young Lords Party, 1968-1976* (Princeton University Press). Fernandez is the writer and producer of the film, *Justice on Trial: the Case of Mumia Abu-Jamal* and she is featured in the critically acclaimed documentary about Mumia Abu-Jamal, *Long Distance Revolutionary*. Her writings have been published internationally, from *Al Jazeera* to the *Huffington Post*. She gives interviews often and has appeared in a diverse range of print, radio, online and televised media including *Democracy Now!* with Amy Goodman, the Fox News shows *Hannity* and *Megyn Kelley*, *Al Jazeera* and *The New York Times*. She is a coordinator of the Campaign to Bring Mumia Home. CORNEL WEST is a scholar, philosopher, activist and author of over a dozen books including his bestseller, *Race Matters*. He appears frequently in the media, and has appeared on the *Bill Maher Show*, *Colbert Report*, *CNN* and *C-Span* as well as on *Tavis Smiley's PBS TV Show*.

Once a prominent radio reporter, Mumia Abu-Jamal is now in a Pennsylvania prison awaiting his state-sanctioned execution. In 1982 he was convicted and sentenced to death for the murder of Philadelphia police officer Daniel Faulkner after a trial many have criticized as profoundly biased. *Live From Death Row* is a collection of his prison writings--an impassioned yet unflinching account of the brutalities and humiliations of prison life. It is also a scathing indictment of racism and political bias in the American judicial system that is certain to fuel the controversy surrounding the death penalty and freedom of speech.
