The ever-popular EON series from JBL has become synonymous with reliability and value. As part of that series, the EON 515XT offers improved specs and enhanced usability for an even better EON. Building on the trusted design and features of the previous two generations, JBL again delivers a powered speaker to meet the needs of any user.

JBL EON 515XT Powered 2-Way Loudspeaker (625 Watts, 1x15")
A friend of mine uses the JBL EON 515 XT to gig with. He is pretty much a solo artist that plays the guitar and sings. He has been doing this for awhile and has been through a good amount of speakers some good and some bad. One of the biggest issues to deal with in a situation like this is not having the manpower behind you so you have to have your own equipment to take around with you. So ...
