Ah, medical-surgical nursing. Most nursing students refer to this course as “ med-surg.” It is typically offered in two semesters, depending on your program, and focuses on the different body systems and disease processes, signs and symptoms testing, treatments, and nursing interventions. Med-surg nursing comes as a challenge to most nursing students, even for those intending to become ...

The test I chose to write about is the MED SURG 2 test that we took December of 2014. I scored a 52.2% on this test and was in the 40th percentile. In the analysis section of the test under nursing process the test was broken down into five categories. The categories are: assessment, diagnosis, planning, implementing, and evaluation.
