There are many people who are confused by the term "recreational therapy." After all, recreation is something you do for fun, and therapy is used to address issues such as depression, anxiety, and the like. But what if there was a way to do both at the same time? Indeed, recreational therapy for seniors can help improve not only mental health, but also physical well-being, cognitive function, and more. This guide is based on the author's experiences in New York City largely in the setting of an assisted living residence. However, it can be applied and expanded to various types of senior facilities anywhere. Through sharing the process and thoughts behind the development and growth of these various activities, it is hoped that professionals interacting with the senior population will see possibilities in which to broaden their approach to Therapeutic Recreation.
