"HOW SWEET IT IS will set your heart on fire" -Robyn Carr, New York Times bestselling author "One sweet read! Everything I love best: humor, warmth, emotions that pull at the heartstrings, characters that step off the page, and a wonderful love story." -- Mariah Stewart, New York Times bestselling author

HOW SWEET IT IS Single mom Lizzie Bea Carpenter learned long ago that no white knight was coming to save her. A hardworking waitress at the local diner, she's raising her daughter to be like the independent women in her "Enemy Club"--high school rivals turned best friends, promising to always tell each other the whole truth and nothing but! Yet part of Lizzie wishes she did have a man's help, just for small stuff, like fixing up the house. Her fairy godmother must have been listening, because Dante "Tay" Giovanni soon appears. He's sexy, kind, and offering assistance--no strings attached. Slowly, steadily, Lizzie's heart opens. But the grip of the past is fierce, and nothing in life is ever really free. Tay has his own tragedies to overcome, but if he can, he'll fix more than Lizzie's home. He'll show her just how sweet it is to be loved by him.

This Notebook Makes a wonderful day to day notebook to write, take notes, make lists, and more This is a simple and durable all round notebook. This workbook is designed for use with the text Heavy Equipment Power Trains and Systems. The chapters in the workbook correspond to those in the text and should be completed after reading the appropriate text chapter. Each chapter of the workbook contains reviews of the textbook chapters to enhance your understanding of textbook content. The various types of questions include matching, true or false, and multiple choice. Reading Heavy Equipment Power and Trains Systems and using this workbook will help you acquire a working knowledge of the basic principles of heavy equipment systems, as well as develop safe working habits and work skills. You will also gain an awareness of the wide range of machine systems found in the agricultural equipment, construction equipment, and some mining equipment. Answering the questions for each chapter will help you master the technical knowledge presented in the text. The workbook chapters also contain activities related to textbook chapter content. The activities range from chapter content reinforcement to real-world application. It is important in these activities to understand any safety procedures set forth by your instructor.

This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as true to the original work as possible. Therefore, you will see the original copyright references, library stamps

This is the third book from Scottish Author, Lauren Cullen. Once again we travel through a year in time to explore the difficult emotions of complex situations, relationships, politics, philosophy and life. Break the chain is about loving yourself and letting go of things out of your control. The cover is again created by illustrator and artist, Zoe Jackson.

Loved by generations, the Yes & Know books are back! All ages will have hours of fun with these popular activity books. Play hangman, tic-tac-toe, battleship and more. Each book comes with an invisible ink pen that works like magic. Draw over the empty spaces and watch as hidden answers are instantly revealed. Filled with fascinating facts and fun games, these books are great boredom busters for home or travel!
