The 300tdi engine is surely one of the most famous Land Rover engines. First produced in 1994, it came as an improvement of the 200TDi engine, with stronger components like the LDF500180 cylinder head. The big difference was obviously noise reduction and diesel emissions. But the real change, which explains why it is one of the most popular engines, is that it is suitable for all Land Rover engine models.
