Mod Minecraft & Learn Code - LearnToMod Software
For those of you who are all-new to this: Minecraft's code is written in the Java programming language so as a result this is the programming language we'll be working with to create mods for it. The Eclipse installer is quite straightforward, you can just follow along accepting the standard options and select "Launch" once it has completed. Finally, when the installation is over and the Eclipse Launcher starts up it will prompt you to select a directory for your workspace, I'm ...

A Beginner's Guide to Modding Minecraft (With Java) | by ...
Our goal is to leverage this enthusiasm to teach kids how to code while playing Minecraft. After all, game playing is the most natural way for humans to learn. The research is an outgrowth of our TouchDevelop program, which we started in 2011 to teach people how to program and build apps using the touchscreen on their phones. These devices are much more powerful, graphic and sensor rich computers than those we learned to code on as kids.
