With a new preface by the author * As featured in the upcoming motion picture Everest, starring Jason Clarke, Josh Brolin, John Hawkes, Robin Wright, Emily Watson, Keira Knightley, Sam Worthington, and Jake Gyllenhaal " I can tell you that some force within me rejected death at the last moment and then guided me, blind and stumbling—quite literally a dead man walking—into camp and the shaky start of my return to life. " In 1996 Beck Weathers and a climbing team pushed toward the summit of Mount Everest. Then a storm exploded on the mountain, ripping the team to shreds, forcing brave men to scratch and crawl for their lives. Rescuers who reached Weathers saw that he was dying, and left him. Twelve hours later, the inexplicable occurred. Weathers appeared, blinded, gloveless, and caked with ice—walking down the mountain. In this powerful memoir, now featuring a new Preface, Weathers describes not only his escape from hypothermia and the murderous storm that killed eight climbers, but the journey of his life. This is the story of a man ’ s route to a dangerous sport and a fateful expedition, as well as the road of recovery he has traveled since; of survival in the face of certain death, the reclaiming of a family and a life, and of the most extraordinary adventure of all: finding the courage to say yes when life offers us a second chance. Praise for Left for Dead " Riveting . . . [a] remarkable survival story . . . Imagine having your innocence stolen at an early age by someone you trust, or struggling financially before even knowing the meaning of the word " struggling ". Ebony Canon has had her share of tumultuous events, yet even she was stunned when a speeding car hit her intentionally, dragging her through the streets with her body folded underneath the vehicle. In a coma for nearly two months, Ebony had no idea her tongue and face had to be sewn back on, or the list of thirty other life-threatening injuries she had sustained. Ebony didn ' t know she ' d been " Left for Dead " . In this horrifying first-hand account of a survivor, Ms. Canon delivers a riveting story about overcoming tragedy throughout her childhood, and developing the will to live after numerous attacks on her life. Her strength to learn to walk, talk, and eat again will leave you spellbound and inspired. Her scars tell a story that must be heard and will have you never wanting to complain again.

On April 28, 2006, as he lay in his hospital bed in Ann Arbor, Michigan, visions of celestial beauty were the last thing on Marv Besteman's mind. He had just had surgery to remove a rare pancreatic tumor. It was after visiting hours and his family had left for the day. Alone and racked with pain, Marv tossed and turned, wanting more than anything else to simply sleep and escape the misery and discomfort for a while. The retired banker, father, and grandfather had no idea he was about to get a short reprieve in the form of an experience he never could have imagined. In My Journey to Heaven, Marv Bestman shares the story of his experience of heaven with astounding detail. Readers will hear of his encounters with angels who accompanied him to the gate, his conversation (argument, really) with St. Peter, and his recognition of friends and family members who touched his life. His story offers peace, comfort, and encouragement to those who have lost loved ones and gives security and solace to those who are grieving, dying, or wonder about the afterlife. Marv believed God sent him back to earth to fulfill this mission of comfort and reminds readers that God has work for each of us to do before he calls us to be with him in heaven. Secure in his belief that his book was the fulfillment of his own mission, Marv returned to heaven in January 2012.

Anyone who has read Jon Krakauer's famous account of the 1996 Everest disaster, INTO THIN AIR, will remember the story of Beck Weathers: the gregarious Texan climber who went snow-blind in the Death Zone below the summit and who spent a night out in the open during a blizzard that took the lives of a dozen colleagues and friends. Even as he staggered back into Camp 4 the next morning, Beck's condition was such that the other survivors assumed he would not make it back down the mountain. He was effectively left for dead, but drawing upon reserves of determination and courage he didn't know he had - as well as the extraordinary selflessness and bravery of a Nepalese helicopter pilot he'd never met - he finally made it to safety. Only then could a new battle begin: to rebuild his life with a family he'd taken for granted for too long. Heartstoppingly exciting and ultimately very moving, LEFT FOR DEAD is a terrific read.

Outlines the dramatic 2006 survival story of a famed Australian mountain climber who was pronounced dead and abandoned by Sherpas during a summit of Mount Everest only to be discovered alive the next day. in an account featured in the Emmy-nominated Dateline NBC documentary, "Miracle on Mount Everest."

For fans of sea battles, adventures, and war stories like Unbroken, this is the incredible true story of a boy who helps to bring closure to the survivors of the tragic sinking of the USS Indianapolis, and helps exonerate the ship ’ s captain fifty years later. Hunter Scott first learned about the sinking of the USS Indianapolis by watching the movie Jaws when he was just eleven-years-old. This was fifty years after the ship had sunk, throwing more than 1,000 men into shark-infested waters—a long fifty years in which justice still had not been served. It was just after midnight on July 30, 1945 when the USS Indianapolis was torpedoed by a Japanese submarine. Those who survived the fiery sinking—some injured, many without life jackets—struggled to stay afloat as they waited for rescue. But the United States Navy did not even know they were missing. As time went on, the Navy needed a scapegoat for this disaster. So it court-martialed the captain for " hazarding " his ship. The survivors of the Indianapolis knew that their captain was not to blame. For fifty years they worked to clear his name, even after his untimely death. But the navy would not budge—not until Hunter entered the picture. His history fair project on the Indianapolis soon became a crusade to restore the captain ’ s good name and the honor of the men who served under him. Praise for Left for Dead: Christopher Award Winner An ALA-YALSA Best Nonfiction for Young Adults Book " Compelling, dreadful, and amazing. " —VOYA " This exciting, life-affirming book about war heroics and justice . . . proves without question the impact one student can have on history. " —Booklist " Well written and well documented . . . this excellent presentation fills a void in most World War II collections " —School Library Journal " Young readers . . . will no doubt be inspired by the youth ’ s tenacity—and by the valor of those who served on the Indianapolis. " —The Horn Book

In the vein of Neil Strauss ’ The Game and Joshua Foer ’ s Moonwalking with Einstein comes the fascinating story of one man ’ s colorful, mysterious, and personal journey into the world of magic, and his unlikely invitation into an underground secret society of revolutionary magicians from around the world. Magic Is Dead is Ian Frisch ’ s head-first dive into a hidden world full of extraordinary characters and highly guarded secrets. It is a story of imagination, deception, and art that spotlights today ’ s most brilliant young magicians—a mysterious club known as the52, who are revolutionizing an ancient artform under the mantra Magic Is Dead. Ian brings us with him as he not only gets to know this fascinating world, but also becomes an integral part of it. We meet the52 ’ s founding members—Laura London, Daniel Madison, and Chris Ramsay—and explore their personal demons, professional aspirations, and what drew them to their craft. We join them at private gatherings of the most extraordinary magicians working today, follow them to magic conventions in Las Vegas and England, and discover some of the best tricks of the trade. We also encounter David Blaine; hang out with Penn Jillette; meet Dynamo, the U.K. ’ s most famous magician; and go behind the scenes of a Netflix magic show. Magic Is Dead is also a chronicle of magic ’ s rich history and how it has changed in the internet age, as the young guns embrace social media and move away from the old-school take on the craft. As he tells the story of the52, and his role as its most unlikely member, Ian reveals his own connection with trickery and deceit and how he first learned the elements that make magic work from his poker-playing mother. He recalls their adventures in card rooms and casinos after his father ’ s sudden death, and shares a touching moment that he had, as a working journalist, with his childhood idol Shaquille O ’ Neal. " Magic—the romanticism of the inexplicable, the awe and admiration of the unexpected—is an underlying force in how we view the world and its myriad possibilities. " Ian writes. As his journey continues, Ian not only becomes a performer and creator of magic—even fooling the late Anthony Bourdain during a chance encounter—he also cements a new brotherhood, and begins to understand his relationship with his father, fifteen years after his death. Written with psychological acuity and a keen eye for detail, Magic Is Dead is an engrossing tale full of wonder and surprise.

On February 19, 2007, SSG Shilo Harris was patrolling an infamous southern Iraqi roadway when his Humvee was struck by an IED. Moments later, three members of his crew were dead and Shilo had sustained severe burns over 35 percent of his body, lost his ears and the skin off his face, and lost much of the use of his badly mangled fingers. This fiery moment was just the beginning of an arduous road laced with pain, emotional anguish, and much soul-searching. For forty-eight days Shilo lay trapped in a medically induced coma as his wife, unable to ease his suffering, had to come to grips with a man utterly changed. This is the story of a young boy raised in a small Texas town under the heavy yoke of a father struggling with the personal aftermath of his service in Vietnam. This is the story of the first human being to participate in extracellular stem cell regeneration to regrow lost body parts. This is the story of the survivor not only of an explosion but of more than sixty surgeries to restore both form and function to his broken body. This is the story of the wife who stood by his side, made hard decisions, and continues to support her husband through his struggles with PTSD. This is the story of a God who reshapes us into the people he wants us to be. And in that way, this is the story of all of us. Anyone whose life has been touched by tragedy and loss, especially military families dealing with PTSD, TBI, amputations, and other realities of wartime service, will find strength, encouragement, and inspiration in this moving memoir.
