ManualsLib~~

He's bought a generator previously used as backup for a vets. I'm putting it at about 20-25 years old, it's lister petter and thats as far as i've got with it. Apparently it's 10kva, the plaque from the top of the genset with the model and general characteristics is missing and it comes with no manual. So i've not really got a lot to go on.
