In this case, we are dealing with a Greek usage that divides the whole into two unequal parts, which are called the many and the few. In Greek you might say, The many are on time, but the few are late. The English equivalent is, Most are on time, but some are late. In Greek, the many and the few add up to everyone; just as in English, most and some add up to everyone. In this parable, everyone was invited to the wedding, but the invitation went out in two waves.

For many are called, but few are chosen (Matthew 20:16; 22:14). This text is a tricky passage for Calvinists to explain because on the one hand, Calvinism often equates “ calling ” with “ election, ” and here Jesus seems to indicate that not all who are “ called ” end up being “ chosen. ” . So for this reason, Calvinists often talk about a “ general ” universal call to all people and an “ effectual ” call to some.

It is unusual to find in recorded history a nation of people who enjoyed the privilege of self-government. It is even more rare to find a nation who possessed this right along with the gospel of Christ. The gospel teachings provide an understanding of the proper function of government, which lays an extremely important political duty upon those who have these teachings. When a nation of people who have had the power of government placed in their hands become evil and without conscience, they will use that power to plunder and enslave one

How do you know if you know Jesus? Because you attend church? Because you operate in spiritual gifts? Because your life has changed for the better? Those may seem like cynical questions until we take a closer look at the scriptures. Matthew, the seventh chapter, makes it clear that many churchgoing men and woman, who operate in spiritual gifts, will be rejected by Jesus because they don't know him. They had cast out devils or operated in deliverance ministry, healed the sick, and done many great works, yet they knew not the one in whose name they were doing it in. It is possible to answer the call without knowing the "One" who called you. In this insightful and groundbreaking book, respected author, prophet, and teacher Jeremiah Merritt shares with you: \*How to discern and recognize

For her, the angel takes the form of a nun, and as their relationship deepens, a whole new world of spirituality is revealed. As Lilly grows, marries, and matures, she becomes an instrument, a connection between the material and spiritual world. With the help of her "nun friend" and constant self-study, Lilly awakens from her hypnotic psychological sleep, and is able to tap into her higher self. an exegetical and Scriptural framework for the content presented in the book. Instead of beginning from a set of deductive theological assumptions and then attempting to support that system from Scripture, Forster and Marston examine Scripture and attempt to build their case directly from the text. The authors unabashedly admit that their views are very similar to those of Arminian and Wesleyan traditions, but they state in the beginning of the book that they do not want to be labeled with these names, but want to construct a theology that is in line with the teachings of the first 300 years of Christianity. Forster and Marston begin by describing the battle that is being waged between God and the spiritual forces that oppose Him. They examine the book of Job and see how this relates to the overall struggle. Then the authors examine the 9th chapter of Romans to see if this book is dealing with election and individual destinies, or God's actions within human history. The authors do an excellent job of arguing for their opinion that this chapter is speaking about God's involvement in human history and it deals with God's choosing of one nation or individual over another nation or individual to accomplish His purpose. sections of interest in this book are the sections on foreknowledge and predestination and the chapters on faith and works. The section on faith and works was particularly interesting because it relies on much of the teaching of the new perspective which has shed much light on how a 1st century Palestinian Jew would have approached Scriptural issues.
