Understanding the National Electrical Code-Volume 2, 2002 Edition was written to provide insight into and an understanding of, many of the technical rules of the NEC. This book covers Articles 500-830. Subjects include: Hazardous (Classified) Locations, Motor Fuel Dispensing Facilities, Health Care Facilities, Manufactured Wiring Systems, Swimming Pools, Fountains and Similar Installations, Emergency Systems, Optical Fiber Cables and Raceways and more.

This uniquely effective guide helps readers master the 2020 National Electrical Code, using highly detailed, technically accurate illustrations to make even the most complex aspects of the code easier to understand and apply. An experienced author, educator and master electrician, Charles Miller translates the often vague, complicated language of the 2020 NEC into clear, simple instructions accompanied by helpful visuals. Topics are organized logically and presented in a convenient, modular format for easy reference, beginning with fundamental concepts and progressing to requirements for various dwellings, from one-family homes to multi-family housing, commercial locations and special occupancies. In addition, a convenient, modular format makes it easy to reference relevant information anytime. The Eighth Edition of this trusted resource provides detailed information on key updates and additions to the 2020 NEC, so readers can confidently master current industry standards and best practices. Comprehensive coverage, an innovative learning approach perfect for today's visual learners and accurate, up-to-date information make this valuable resource indispensable for beginning and experienced electricians, engineers and other electrical professionals.
