Murder on the Mind is the first of
the Jeff Resnick mysteries and
really got me hooked on reading
more! Jeff is a down on his luck
guy who gets mugged in New
York City and is left not only with
physical damage but a kind of
psychic ability that makes him
want to investigate the story
behind the murder which he has
seen in his mind's eye.

Where does Murder on the Mind rank among all the audiobooks you've listened to so far? As this is the only suspense audio I've read so far, I can't accurately compare it to any I've listened to in another genre as far as a story goes. Comparing quality, I'd say it was very professional.
