In these delightfully candid musings about his life and his cinema, RGV reveals the man behind pioneering Telugu and Hindi films such as Shiva, Rangeela, Satya, Sarkar, Bhoot and Company. Discussing a wide range of subjects, from the influences and circumstances that drew him to films to his cinematic techniques, his successful and unsuccessful films, his Bollywood idols, his relations with the media and the controversies dogging him, Guns & Thighs is as much about RGV's life and philosophy of life as about his films and the Indian film world. Characteristically, he pulls no punches, whether he's talking about movies, women or the media. Even when it comes to his own films, he embraces his failures as much his successes and dissects them with rare honesty and humility. Refreshingly contrarian and politically incorrect, this book discloses a perspective as colourful and larger than life as Indian films. It is not for RGV fans alone but for all those passionate about cinema and the people associated with it.

The revolutionary literary vision that sowed the seeds of Objectivism, Ayn Rand's groundbreaking philosophy, and brought her immediate worldwide acclaim. This modern classic is the story of intransigent young architect Howard Roark, whose integrity was as unyielding as granite...of Dominique Francon, the exquisitely beautiful woman who loved Roark passionately, but married his worst enemy...and of the fanatic denunciation unleashed by an enraged society against a great creator. As fresh today as it was then, Rand's provocative novel presents one of the most challenging ideas in all of fiction—that man's ego is the fountainhead of human progress... "A writer of great power. She has a subtle and ingenious mind and the capacity of writing brilliantly, beautifully, bitterly...This is the only novel of ideas written by an American woman that I can recall."—The New York Times

"Sacred bathing brings the ancient tradition of meditation and prayer into the modern day ritual practice of a home bath, so that you can connect to Spirit daily and purify your energy."—Dr. Larry Dossey, author of One Mind and The Science of Premonitions Immerse Yourself in Healing Waters for Relaxation, Clarity, and Wholeness Gain inspiration and rejuvenation through the sacred act of bathing. With fifty-two bath recipes, one for every week of the year, The Book of Sacred Baths shows you how to use this relaxing practice to improve your love life, succeed in your career, strengthen your health, and transform your spirit. Each recipe is tailored to a specific emotional or spiritual need, from stress relief to divine assistance to self-connection for overall well-being. Using essential oils, candles, and color therapy along with visualization and ritual practice, you'll raise your vibration and release negative energy down the drain. Praise: "Fans of Sherman are in for an impressive treat with her collection of 52 fun and sacred baths to improve every aspect of your physical and spiritual life."—Publishers Weekly "A sacred bathing of the body ultimately becomes a sacred bathing of the mind, spirit, and soul, which unearths a mindfulness of self-nourishment that we might then gift as kindness to others as we go about our day."—Cathie Borrie, author of The Long Hello "I highly recommend this beautiful book of spiritual bathing for inner joy and healing."—Raven Keyes, author of The Healing Power of Reiki and The Healing Light of Angels

One of Lit Hub and The Millions's Most Anticipated Books of 2019 and one of Buzzfeed and Tor.com's Books to Read This Spring "Funny, futuristic, phenomenal, Fernando A. Flores is from another galaxy. Fasten your seat belt. You are in for a stupendous ride." —Sandra Cisneros A parallel universe. South Texas. Narcotics are legal and there's a new contraband on the market: ancient Olmec artifacts, shrunken indigenous heads, and filtered animals—species of animals brought back from extinction to clothe, feed, and generally amuse the very wealthy. Esteban Bellacosa has lived in the border town of MacArthur long enough to know to keep quiet and avoid the dangerous syndicates who make their money through trafficking. But his simple life starts to get complicated when the swashbuckling investigative journalist Paco Herbert invites him to come to an illegal underground dinner serving filtered animals. Bellacosa soon finds himself in the middle of an increasingly perilous, surreal, psychedelic journey, where he encounters legends of the long-disappeared Aranaña Indian tribe and their object of worship: the mysterious Trufflepig, said to possess strange powers. Written with infectious verve, bold imagination, and oddball humor, Fernando A. Flores's debut novel, Tears of the Trufflepig, is an absurdist take on life along the border, an ode to the myths of Mexican culture, a dire warning against the one percent's determination to dictate society's decline, and a nuanced investigation of loss. It's also the perfect introduction for Flores: a wonderfully weird, staggeringly smart new voice in American fiction, and a mythmaker of the highest order.

As the title indicates, this book is a critical study of an Indian epic, ëThe Ramayanaí. It proceeds in the same order as that of Sanskrit original consisting of : Bala kanda, Ayodhya kanda, Aranya kanda, Kishkindha kanda, Sundara kanda, Yuddha kanda and Uttara kanda. While Valmikiís Ramayana is composed of about 24,000 slokas (verses), ëRamayana the Poisonous Treeí consists of 16 stories, long and short, accompanied by 11 ëlinksí (narratives that ëlinkí the stories) and 504 foot-notes that show evidence from the Sanskrit original in support of the critique. Besides the main components of the text, this book has a long ëPrefaceí discussing the social essence of the epic in the context of history of evolution of human society from the ancient times to the modern times. The book also offers a critical review of the works of ésome earlier critics of Ramayanaí. The authoress describes Ramayana as a Poisonous Tree because it defends the autocratic rule of the kings against the people, their imperial expansion by invading other weak kingdoms, exploitation of the poor by the rich, oppression of lower castes by upper castes, aggression of the civilized non-tribal communities against primitive tribal communities, male chauvinism against women, superstitious beliefs against the rational thinking, fathersí domination over sons, elder brothersí superiority over younger brothers and so on. She substantiated her arguments by providing hundreds of foot notes from the Sanskrit original. She characterizes the culture of Ramayana as predominantly ëfeudalí in nature with an admixture of remnants of primitive ëtribalí culture. The book, it is hoped, will be of interest to both academic and non-academic circles. It is relevant to the students, teachers and researchers who are connected with such disciplines as South Asian Studies, Cultural Studies, Comparative Literature, Comparative Religions, Indology, Literary Criticism and so on. It is also relevant to the social and political activists who would like to disseminate ëprogressiveí ideas among the people who are subjected to various forms of inequality: Class, Caste, Gender, Race, Ethnicity. Ranganayakamma (born 1939) is a writer of novels, stories and essays in Telugu. She has published about 60 books.

NOW A MAJOR SERIES 'GENIUS' ON NATIONAL GEOGRAPHIC, PRODUCED BY RON HOWARD AND STARRING GEOFFREY RUSH Einstein is the great icon of our age: the kindly refugee from oppression whose wild halo of hair, twinkling eyes, engaging humanity and extraordinary brilliance made his face a symbol and his name a synonym for genius. He was a rebel and nonconformist from boyhood days. His character, creativity and imagination were related, and they drove both his life and his science. In this marvellously clear and accessible narrative, Walter Isaacson explains how his mind worked and the mysteries of the universe that he discovered. Einstein's success came from questioning conventional wisdom and marvelling at mysteries that struck others as mundane. This led him to embrace a worldview based on respect for free spirits and free individuals. All of which helped make Einstein into a rebel but with a reverence for the harmony of nature, one with just the right blend of imagination and wisdom to transform our understanding of the universe. This new biography, the first since all of Einstein's papers have become available, is the fullest picture yet of one of the key figures of the twentieth century. This is the first full biography of Albert Einstein since all of his papers have become available -- a fully realised portrait of this extraordinary human being, and great genius. Praise for EINSTEIN by Walter Isaacson:- 'YOU REALLY MUST READ THIS.' Sunday Times 'As pithy as Einstein himself.' New Scientist '[A] brilliant biography, rich with newly available archival material.' Literary Review 'Beautifully written, it renders the physics understandable.' Sunday Telegraph 'Isaacson is excellent at explaining the science. ' Daily Express

First Published in 1999. Routledge is an imprint of Taylor & Francis, an informa company.

Nandamuri Taraka Rama Rao, widely known as NTR, was not merely a film star who strayed into politics and captured power in Andhra Pradesh. The actor-politician redefined the political culture in the state and scripted a new political idiom. His rather dramatic entry into politics, the profound impact he left on the people of Andhra Pradesh and the vital role he played in national politics during his relatively short political life, however, have not received deserving recognition. Maverick Messiah: A Political Biography of NTR captures different facets of NTR in all their varied hues and puts in perspective the significant contribution of the actor-politician to the Indian political tapestry.
