Never. If you haven't brushed in a really long time then it's probably best to go to a dentist. But brushing regularly will help even without that. It's too late when you have caries, gum disease, infections of the root canal, or even worse: absce...

When is it too late to start brushing your teeth again ...  
Have all your teeth removed. Toothbrushes have been used since 3000 BC. Can you imagine people way back in 3000 BC using toothbrushes? Well, they weren't what we know as toothbrushes today. And they didn't call them toothbrushes, either. They called them "chew sticks". They were actually just small branches, with one end frayed.
