Nuclear Politics in America: A History and Theory of ...

Nuclear Politics in America is a 1997 book by Robert J. Duffy. According to Duffy, the "promise and peril of nuclear power have been a preoccupation of the modern age", who was then an assistant professor of political science at Rider University. The book discusses the controversy over radioactive waste disposal, licensing procedures relating to the Atomic Energy Act, and the effects of deregulation of electric utilities.

The promise and peril of nuclear power have been a preoccupation of the modern age. Though the nuclear industry has witnessed periods of expansion and retrenchment, there are now more than one hundred nuclear reactors providing America with almost a quarter of its electrical power. Robert Duffy now examines the politics of nuclear power over the last fifty years, relating broad trends in American politics to changes in the regulation of the nuclear industry to show how federal policies in ...
