This text encourages participate teaching and active learning through a structured style and format, with each chapter containing a list of key concepts and objectives.

This text encourages participate teaching and active learning through a structured style and format, with each chapter containing a list of key concepts and objectives.

"Our target readers are students who are new to the social sciences and to the study of organizational behaviour. This is a core subject on most business and management degree, diploma and masters programmes. Accountants, architects, bankers, computer scientists, doctors, engineers, hoteliers, nurses, surveyors, teachers and other specialists, who have no background in social science, may find themselves studying organizational behaviour as part of their professional examination schemes"--

Organizational Behaviour is the most established and yet most engaging book of its kind available today. Whatever your background, Buc and Huc will enable you to view organisations and their actions in a whole new way.

"At last there is a lucid, well-written OB book, which covers key issues required in OB teaching, but which has a mind of its own. Students and faculty will recognize this is more than standard fare." - Bill Cooke, Manchester Business School

This popular textbook offers an inspiring and focused introduction to the study of organizational behaviour and management. The second edition builds on the fresh and innovative approach to the study of management and organization introduced in the first edition. To make the subject matter more relevant and accessible, it treats organizational behaviour as a field of activity that has many parallels with everyday life, particularly in relation to participating in organizations and institutions. Uniquely, this textbook presents two distinct and highly contrasting perspectives on organizational behaviour, discussing the alternative critical perspectives alongside the more traditional approaches, to encourage critical thinking and debate. Each chapter has been fully updated by specialist authors who are committed to thinking differently about the field of organizational behaviour. They effectively identify and explore the key concepts that underpin this diverse subject in their respective chapters, utilising a range of international and everyday examples. The second edition benefits from a new four-colour design and uses a variety of pedagogical features to engage students and provide a stimulating learning - and teaching - environment. This text is ideal for use on introductory undergraduate and post graduate courses in Organizational Behaviour and Management. This textbook is autopackaged with CourseMate. CourseMate brings course concepts to life with interactive learning, study, and exam preparation tools that support the printed textbook and the textbook-specific website. CourseMate includes an integrated eBook and interactive teaching and learning tools including quizzes, flashcards, videos, and more and an EngagementTracker, a first-of-its-kind tool that monitors student engagement in the course.

This unique book provides readers with vital information on one of the most important survival-success skill of the twenty-first century - influencing. By bringing the most consistent and dependable academic studies to light, and translating their conclusions into specific, behavioural steps, it gives readers an effective practical guide to successful influencing. Fully revised to include the most up-to-date material, topics covered in this second edition include: verbal and non-verbal influencing impression management networking influencing in a group public speaking. Combining academic rigour and practical relevance, this is an essential purchase for all students of organizational behaviour and theory, communication, and political persuasion as well as for those interested in analyzing the art of influencing.

Clear, concise, and written by experts currently lecturing in the field, Organizational Behaviour focuses exclusively on what you need to know for success in your business course and today's global economy. The text brings together a vast range of ideas, models, and concepts on organizational behaviour from an array of fields, such as psychology, sociology, history, economics, and politics. This information is presented in bite-sized, digestible pieces to create an accessible and engaging style that makes it the perfect text for introductory courses covering organizations. Key features include: a clear and thought-provoking introduction to organizational behaviour relevant, cutting-edge case studies with global focus hot topics such as eOrganizations, ethics, and diversity, keeping you up-to-date with current business thinking further reading, summaries, activities, key theme boxes, and review questions to help reinforce your understanding This textbook will be a valuable resource for students of business and management studies, organization studies, psychology, and sociology.
