Two of golf's most revolutionary teachers share a personalized approach to accessing your peak performance. "The VISION54 approach is far more than just pure golf technique, it allows an individual to unlock their true potential by opening their mind and believing anything is possible to achieve." - David Leadbetter, David Leadbetter Golf Academy Pia Nilsson and Lynn Marriott are Complete Game Coaches, leaders of a new kind of golf instruction that focuses on more than just the grip, the stance, and the swing. Their VISION54 method targets the complete golfer-the whole person-not just the technical aspects of the game. Their coaching philosophy focuses on possibilities, not limitations, with an end goal of MY54-the idea that any golfer can reach their own personalized version of peak performance, scoring nothing but birdies on a par-72 course. Building on the core concepts introduced in Every Shot Must Have a Purpose and the strategic thinking in The Game Within the Game, Play Your Best Golf Now takes the mystery out of the soft skills of golf and shows golfers how to add these skills to their game for peak performance. Players learn to master the 8 Essential Playing Skills: 1. LEAVE YOUR MIND BEHIND and enter the Play Box 2. DECIDE AND COMMIT to your shots 3. FIND YOUR BALANCE both physically and mentally 4. FEEL YOUR TEMPO on the course and dance to its rhythm 5. TAME TENSION to improve your swing 6. BUILD EMOTIONAL RESILIENCE 7. STORE MEMORIES and learn from the past to make a better present 8. DROWN SELF-TALK IN USEFUL THOUGHTS And the 2 Essential Practice Skills: 1. SIMULATE GOLF on the practice range to maximize your time and effort 2. INTEGRATE SKILLS and practice with a plan These Essentials complement the technical anchors of the game-the grip, the stance, the swing-and give players a foundation for achieving their peak performance. MY54 is the vision, and these are the building blocks for achieving a higher level of play.

Do Your Best is the intimate story of a young man, Herbert W. Ridyard, who shares his life lessons—about love, honesty, and dedication—for the benefit of his greater family, friends, historians, and the general populace, but also in memory of those he fought beside and the 430,000 who gave their lives for the US during WWII. The son of immigrants, his lessons started early with a Depression-era childhood. Although Herb was shy and underweight, his mother encouraged him to always do his best. Taught by his first-grade teacher to pay attention, he discovered he had the ability to remember everything his teachers said, which eventually earned him a top-10-percent berth in high school and college. His stint as a Boy Scout patrol leader taught him that serving others was the ultimate way to be fulfilled. From his gang of boyhood pals, Herb learned about inclusiveness, and his Sunday School teacher taught him about spirituality. All this prepared nineteen-year-old Herb Ridyard to face the terrors of war. In basic infantry training his body was strengthened for overseas combat as a Private in General Patton's Third Army during WWII in the fall and bitter winter of 1944-45. Herb was able to do his duty to the best of his ability, while having to live outdoors in the constant presence of danger, fear, anger, and hate. These wartime experiences gave him great confidence in himself. This memoir aims to inspire anyone born with weakness in body and/or spirit to do their best, no matter the circumstances; to understand that a father and mother are the foundation of love, dedication, honesty and morality; to accept guidance from family, friends, teachers, and mentors; to search for their inherent talents and strengths; to never give up; and to find fulfillment by helping others, including one ' s country while trusting that the Holy Spirit will be with them always.
