CIMA offers a business qualification with a finance focus, aiming to produce members with accounting prowess who are skilled in strategic decision-making. 98% of its members work in business, the highest proportion of any worldwide accountancy body. Paper P1 looks at how information is obtained, evaluated and used to control and predict business performance. The syllabus is split into the following five areas: * Cost accounting systems * Forecasting and budgeting techniques * Project appraisal * Dealing with uncertainty in analysis * Managing short-term finance P1 requires a good understanding of the underlying concepts and techniques in all five areas. P1 also needs you to be able to apply these concepts to practical situations, evaluate them critically and interpret the results. The P1 Study Text contains all you need to know for P1, featuring step-by-step guides to techniques such as investment decision making and budget preparation. There are also reminder sections of knowledge brought forward from earlier studies such as costing terminology. Key terms are identified throughout the Text to help you to get to grips with the new material.

BPP Learning Media's status as official ACCA Approved Learning Provider - Content means our ACCA Study Texts and Practice & Revision Kits are reviewed by the ACCA examining team. BPP Learning Media products provide you with the exam focussed material you need for exam success.

The examining team reviewed P4 Study Text covers all the relevant ACCA P4 syllabus topics. It focuses on how to apply the knowledge and skills of a senior financial professional to make sound financial decisions and/or recommendations for organisations. The material follows a practical, common sense approach and detailed case studies and real life business examples throughout the text will help build your understanding and reinforce learning. Key points are also summarised in chapter roundups.

Teach the course your way with INTRODUCTORY CHEMISTRY, 6e. Available in multiple formats (standard paperbound edition, loose-leaf edition, digital MindTap Reader edition, and a hybrid edition, which includes OWLv2), this text allows you to tailor the order of chapters to accommodate your particular needs, not only by presenting topics so they never assume prior knowledge, but also by including any necessary preview or review information needed to learn that topic. The authors' question-and-answer presentation, which allows students to actively learn chemistry while studying an assignment, is reflected in three words of advice and encouragement that are repeated throughout the book: Learn It Now! This edition integrates new technological resources, coached problems in a two-column format, and enhanced art and photography, all of which dovetail with the authors' active learning approach. Even more flexibility is provided in the new MindTap Reader edition, an electronic version of the text that features interactivity, integrated media, additional self-test problems, and clickable key terms and answer buttons for worked examples. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.
