UPC modem

Technicolor TC7200 |

upc.cz

I just got a Technicolor TC7200 router from my local DNA shop as part of the home broadband.

I need to change some settings but cannot log in to the router. I have used both admin/admin for the username and

Download Free Router

password and also left them both blank. It just says "Given username and/or password is/are wrong". I have already set a static IP.

I cannot log in to a Technicolor TC7200 router - DNA ...

- 1) change the routers gateway IP address from 192.168.254 to 192.168.1.1 . 2) disable

Download Free Router

DHCP. 3) connect the two routers together via ports eth 1, don't use eth 4 if the technicolor is a version intended for vdsl. If you're still having problems test the power line adapters are working by connecting a laptop in place of the technicolor router. HTH
