"The Horror Zine is the true home of today's visceral, organic horror, and the stories in SHRIEKS AND SHIVERS reflect the courage and imagination with which Jeani Rector has sustained this genre for the past six years. Be prepared to encounter the grue in gruesome, not only brought to you by some very experienced butchers but by some fearless and inspired new dabblers in blood, entrails and other things too horrifying to mention." - Graham Masterton, author of Plague of the Manitou "A potent witch's brew of horror veterans spiced with succulent new blood." - Scott Nicholson, author of The Red Church "The stories in SHRIEKS AND SHIVERS is like a sampling from the weird, visceral darkness of the collective mind. Some of the authors are old friends, reliably creepy friends who deliver exactly what you want. What might surprise the reader is the number of new writers to devour. And there are angles on the human condition from which you never thought to look-and perhaps should not have. Endlessly creative takes on zombies, paranoia, and the monsters within. You'll read this collection long into the night. You might want to fall asleep with the lights on." - Susie Moloney, author of The Thirteen "Jeani Rector has the experience to know horror inside and out. She picks only the best of today's writers for her anthologies. I can easily see some of her hand-picked talent carrying horror into the next decade." - D. W. Jones, Editor, Blood Moon Rising Magazine "A perfect storm of a horror anthology-dread thundering through the stories, lightning flashes of terror, a hurricane of visceral thrills." - Simon Clark, author of The Night of the Triffids "Jeani Rector and the Horror Zine have compiled another classic anthology of unsettling and stomach-churning tales in the tradition of Pan Books or Weird Tales (before they were both crap!), and introduced us to a motley band of new horror talent, some of whom will no doubt become household names in the genre in time. This unrepentant volume reminds us why the small press is such a force in dark literature." - Djibril al-Ayad, Editor, The Future Fire Magazine "There are some really good short stories in this collection. Some eerie. Some disturbing. Some I wish were true: I'd probably find the freak tent to see Hercules in a tank of honey." - Cetywa Powell, Editor/Publisher, Underground Voices Magazine ALL NEW FICTION TAPEWORM by Martin Rose OLD HAUNTS by Nathan Robinson "I'LL BE WATCHING" by William F. Team Spy Gear begin to lead credence to the existence of a Loch Ness monster due to the enormous thing lurking in the Carrolton Reservoir, but they soon learn it is Viper's evil plan involving dark matter, a spaceship, and a threat to humanity.

When Emily, Tess, Cam and Dylan decide to ignore the new town curfew during their Friday-night game of hide-and-seek, they get more than they bargained for. Down by the river, they witness a shady deal go down involving some criminal types who recently moved into their neighborhood. When the teens are discovered, they are hunted through the dark streets and back alleys. They will have to use all their hide-and-seek skills to save each other. Ultimately, Emily, the youngest of the group and the best hider, discovers that sometimes staying hidden is the best way to escape.

Draws on three decades of research to chart the history of slave ships, their crews, and their enslaved passengers, documenting such stories as those of a young kidnapped African whose slavery is witnessed firsthand by a horrified priest from a neighboring tribe responsible for the slave's capture. 30,000 first printing.

For the uninitiated the author has obligingly supplied a definition for the slasher/splatter film: "Any motion picture which contains scenes of extreme violence in graphic and grisly detail...." For those film viewers who think this is a good thing and are more likely to select The Texas Chainsaw Massacre than The Remains of the Day, or for those who are not quite sure but are nevertheless drawn to the phantasmagoric, or for those horrified by gratuitous violence and blood for blood's sake but are researching this filmic phenomenon, this reference book provides all the gory details. From At Midnight I'll Take Your Soul Away to Zombie 2: The Dead Are Among Us, this book is an exhaustive study of the splatter films of the 1960s and 1970s. After a history of the development of the genre, the main meat of the book is a filmography. Each entry includes extensive credits, alternate names and foreign release titles; availability of the film on videocassette; availability of soundtracks and film novelization; and reviews. Extensive cross-referencing is also included.

This poetry collection is divided into six sections by subject, placed in the following order: Humor, Family, Reflections, Nature, Adventures, and Livi. Livi is my young granddaughter. These poems all relate my feelings about actual events. I have attempted to write clearly enough for the readers to feel what I felt as I wrote these poems. In doing so, I purposely used much descriptive language detailing what I saw with my eyes and with my heart. I sincerely hope you enjoy reading all of the poems in this collection.

Odyssey Set on the backdrop of annihilating Trojan War, home returning Greek warriors had to undergo

other tremulous events. Menelaus had won back his estranged wife, Helen, but did he? What fate was waiting home for Agamemnon? And what happened to Odysseus, chief architect of the Trojan victory? The journey was not easy. The destiny was all the time laughing at them through Cassandra! An epic story of human strife and persistence!
