This volume brings together researchers whose analysis and insights provide a comprehensive and up-to-date account of Singapore's rich linguistic diversity. Applying a combination of descriptive, empirical, and theoretical approaches, the authors investigate not only

Download Free Singapore Ss 575

official languages such as English, Mandarin, Malay, and Tamil, but also minority languages such as the Chinese vernaculars and South Asian and Austronesian languages. The chapters in this volume trace the historical development, contemporary status, and functions of these languages, as well as potential scenarios for the future. Exploring the tension between language policies and linguistic realities in Singapore, the contributions in this volume capture the shifting educational, political, and societal priorities of the community through its past and contemporary present.

This third edition of the SME Mining Engineering Handbook reaffirms its international reputation as "the handbook of choice" for today's practicing mining engineer. It distills the body of knowledge that characterizes mining engineering as a disciplinary field and has subsequently helped to inspire and inform generations of mining professionals. Virtually all of the information is original content, representing the latest information from more than 250 internationally recognized mining industry experts. Within the handbook's 115 thought-

Download Free Singapore Ss 575

provoking chapters are current topics relevant to today's mining professional: Analyzing how the mining and minerals industry will develop over the medium and long term--why such changes are inevitable, what this will mean in terms of challenges, and how they could be managed Explaining the mechanics associated with the multifaceted world of mine and mineral economics, from the decisions associated with how best to finance a single piece of high-value equipment to the long-term cash-flow issues associated with mine planning at a mature operation Describing the recent and ongoing technical
