Social Security and Medicare are the bedrock of your future financial security. You paid for them-now make them work for you, starting today! SOCIAL SECURITY: THE INSIDE STORY is detailed. Comprehensive. Easy to read. It's been hailed since 1993 as "the best" resource on Social Security and Medicare-the Social Security "bible." Now the "2018 Silver Anniversary Edition" is better than ever, with more examples, new graphics, new footnotes, and an expanded chapter on Maximizing Your Social Security, featuring fresh ideas to profit from the Bipartisan Budget Act of 2015. Inside are 308 pages packed with everything you need to know: clear explanations, helpful illustrations, realistic examples, new "Nutshell" summaries, and handy web links. This is the only source of useful "Reform Targets," "Tips for Success," and "Inside Stories" revealing how Social Security really works. ANDY LANDIS has been called the Social Security "guru." His expertise is unmatched, with over 40 years' experience as a speaker, author, and former SSA representative. This is the proven and practical resource for taxpayers, retirees, financial advisors, and HR professionals-the essential guide for everyone with a stake in Social Security.

This detailed, expansive, comprehensive and up-to-date book will guide you if you are a retiree, taxpayer or an advisor.

One of the Best Technology Books of 2020—Financial Times "Levy's all-access Facebook reflects the reputational swan dive of its subject. . . . The result is evenhanded and devastating."—San Francisco Chronicle "[Levy's] evenhanded conclusions are still damning."—Reason "[He] doesn't shy from asking the tough questions."—The Washington Post "Reminds you the HBO show Silicon Valley did not have to reach far for its satire."—NPR.org The definitive history, packed with untold stories, of one of America's most controversial and powerful companies: Facebook As a college sophomore, Mark Zuckerberg created a simple website to serve as a campus social network. Today, Facebook is nearly unrecognizable from its first, modest iteration. In light of recent controversies surrounding election-influencing "fake news" accounts, the handling of its users' personal data, and growing discontent with the actions of its founder and CEO—who has enormous power over what the world sees and says—never has a company been more central to the national conversation. Millions of words have been written about Facebook, but no one has told the complete story, documenting its ascendancy and missteps. There is no denying the power and omnipresence of Facebook in American daily life, or the imperative of this book to document the unchecked power and shocking techniques of the company, from growing at all costs to outmaneuvering its biggest rivals to acquire WhatsApp and Instagram, to developing a platform so addictive even some of its own are now beginning to realize its dangers. Based on hundreds of interviews from inside and outside Facebook, Levy's sweeping narrative of incredible entrepreneurial success and failure digs deep into the whole story of the company that has changed the world and reaped the consequences.

Never before in the history of mankind have so few people had so much power over so many. The people at the top of the American national security establishment, the President and his principal advisors, the core team at the helm of the National Security Council, are without question the most powerful committee in the history of the world. Yet, in many respects, they are among the least understood. A former senior official in the Clinton Administration himself, David Rothkopf served with and knows personally many of the NSC's key players of the past twenty-five years. In *Running the World* he pulls back the curtain on this shadowy world to explore its inner workings, its people, their relationships, their contributions and the occasions when they have gone wrong. He traces the group's evolution from the final days of the Second World War to the post-Cold War realities of global terror – exploring its triumphs, its human dramas and most recently, what many consider to be its breakdown at a time when we needed it most. Drawing on an extraordinary series of insider interviews with policy makers including Condoleezza Rice, Colin Powell, Henry Kissinger, senior officials of the Bush Administration, and over 130 others, the book offers unprecedented insights into what must change if America is to maintain its unprecedented worldwide leadership in the decades ahead.

Robyn's family has always struggled to make enough money to survive. Robyn's grandmother leaves them an apple orchard in B.C., Robyn thinks things will be different, but Robyn's father still can't pay the bills. He asks Robyn for her own hard-earned money, and encourages her to drop out of school to work in the orchard. Robyn desperately wants to go to university, but to make a better life for herself, she'll have to leave her family behind.

All the essential information everyone should know about social security, from maximizing benefits to planning and budgeting for a healthy, happy retirement. Nearly 70 million American citizens—1 in 5 people in the US—receive social security benefits each month, and that number is increasing rapidly. With so many people drawing from the system, it's critical for anyone about to start receiving benefits to be well-informed and prepared, and for anyone already receiving social security to make sure they're aware of how to maximize their benefits and to plan ahead for the future. In *Social Security for Everyone*, lawyer and bestselling author Carl W. Battle's clear, matter-of-fact explanations will prepare any reader to deal with and understand every aspect of social security benefits. Important topics covered include: How to apply for social security Why many people never receive social security benefits How to maintain independence while receiving social security benefits Breakdowns of social security benefits for families, survivors, and the disabled Taxes and social security and how they interact How to manage and deal with the Social Security Administration Social Security for Everyone also includes dozens of crucial charts, graphs, and tables to help readers plan for retirement, budget for different situations, and maximize their benefits. It's essential reading for anyone preparing to use social security benefits and everyone who is already receiving social security, as well as anyone who wants to know more about this invaluable system.

Written in plain English, the latest updated, revised, and expanded edition of *The Advisor's Guide to Annuities* covers both the technical details of how various types of annuities operate, as well as the broader questions about how and when they should be used in clients' financial plans. No other resource provides such a deep and independent-minded look at the structure, costs, benefits, and risks that come with all types of annuities. This comprehensive, single-volume guide supplies: - Clear and concise descriptions of every type of annuity - In-depth discussions of the direct and secondary issues surrounding the use of annuities, including income and estate tax consequences as well as concerns for annuity owners and beneficiaries - Detailed explanations of annuity-specific terminology, which empowers advisors and clients to understand exactly how an annuity will function and enables comparison of similar products from different companies - Sound advice from industry-leading authors which helps advisors avoid common mistakes and ensures that the choices offered are truly in the best interests of clients Highlights of the 5th Edition: - Detailed discussion of qualified vs. nonqualified annuities - Exploration of planning opportunities presented by Deferred Income Annuities (DIAs) or "longevity annuities" and QLACS - In-depth discussion about the impact of the DOL Fiduciary Rule on advisors and consumers - Advice and analysis of the impact of partial withdrawals - Updated tax info, including info on QLACS - New material on "managed volatility" indices used in indexed annuities - New ways to use variable annuities as an investment vehicle, including new "fee only" variable annuities that can be sold under the Fiduciary Rule. Written by two of the foremost experts in this field, *The Advisor's Guide to Annuities*, 5th Edition, is designed specifically to help you make the most of all the opportunities—and avoid complications—in this active and ever-changing area.

Essential reading for every American who must navigate the US health care system. Why was the Obama health plan so controversial and difficult to understand? In this readable, entertaining, and substantive book, Stuart Altman—internationally recognized expert in health policy and adviser to five US presidents—and fellow health care specialist David Shactman explain not only the Obama health plan but also many of the intriguing stories in the hundred-year saga leading up to the landmark 2010 legislation. Blending political intrigue, policy substance, and good old-fashioned storytelling, this is the first book to place the Obama health plan within a historical perspective. The authors describe the sometimes haphazard, piece-by-piece construction of the nation's health care system, from the early efforts of Franklin Roosevelt and Harry Truman to the later additions of Ronald Reagan and George W. Bush. In each case, they examine the factors that led to success or failure, often by illuminating little-known political maneuvers that brought about immense shifts in policy or thwarted herculean efforts at reform. The authors look at key moments in health care history: the Hill-Burton Act in 1946, in which one determined poverty lawyer secured the rights of the uninsured poor to get hospital care; the "three-layer cake" strategy of powerful House Ways and Means Committee Chairman Wilbur Mills to enact Medicare and Medicaid under Lyndon Johnson in 1965; the odd story of how Medicare catastrophic insurance was passed by Ronald Reagan in 1988 and then repealed because of public anger in 1989; and the fact that the largest and most expensive expansion of Medicare was enacted by George W. Bush in 2003. President Barack Obama is the protagonist in the climactic chapter, learning from the successes and failures chronicled throughout the narrative. The authors relate how, in the midst of a worldwide financial meltdown, Obama overcame seemingly impossible obstacles to accomplish what other presidents had tried and failed to achieve for nearly one hundred years.

Start today to plan your abundant retirement! You've saved for retirement, but what is the money for? What will you do in your hard-earned retirement years?
