Online Library Some Cambridge Controversies In The Theory Of Capital

The Cambridge capital controversy, sometimes called "the capital controversy" or "the two Cambridges debate", was a dispute between proponents of two differing theoretical and mathematical positions in economics that started in the 1950s and lasted well into the 1960s. The debate concerned the nature and role of capital goods and a critique of the neoclassical vision of aggregate production and distribution. The name arises from the location of the principals involved in the controversy: the deb

Some Cambridge Controversies in the Theory of Capital ...

The second is that there is controversy concerning what existing prevention and intervention studies can tell us about the significance of early experience. From the Cambridge English Corpus While the general principles of pressure ulcers management seems to be well established, controversy exists over specific areas of prevention and treatment.

English Dictionary

Harcourt: Some Cambridge Controversies 371 deny that such a unit may be found even in the conditions of a stationary state. The basic reason is that it is impossible to conceive of a quantity of capital in general, the value of which is independent of the rates of interest (or, interchangeably, profit, given the present assumptions) and wages. Yet
