1971, actor and director Paul Newman walked into a Toledo, Oregon bar and sawed the legs off a pool table with a chainsaw. That story was the genesis of this book, an exploration of Newman, Ken Kesey, and the filming of *Sometimes a Great Notion*.

The magnificent second novel from the legendary author of *One Flew Over the Cuckoo's Nest* Following the astonishing success of his first novel, *One Flew Over the Cuckoo's Nest*, Ken Kesey wrote what Charles Bowden calls "one of the few essential books written by an American in the last half century." This wild-spirited tale tells of a bitter strike that rages through a small lumber town along the Oregon coast. Bucking that strike out of sheer cussedness are the Stammers. Out of the Stamper family's rivalries and betrayals Ken Kesey has crafted a novel with the mythic impact of Greek tragedy. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

Paul Newman, who died in 2008, achieved superstar status by playing charismatic renegades, broken heroes, and winsome anti-heroes in such classic films as *The Hustler*, *Cool Hand Luke*, *Butch Cassidy and the Sundance Kid*, *The Verdict* and *The Color of Money*. And for all the diverse parts he played on the silver screen, Newman occupied nearly as many roles off it. He was a loving husband and family man, a fund raiser, sold his own brand of pasta sauce to

make millions for charity, drove racing cars, and much more. Shawn Levy reveals the many sides of this legendary actor in the most comprehensive biography of the star yet published. We see Newman the consummate professional, a stickler for details and a driven worker. In his private life he played the roles of loyal son and brother, supportive husband – married to Joanne Woodward for 50 years – and responsible provider for six children. But Levy shows that Newman and his life were by no means perfect: there was a dalliance with another woman and failings as a father. The death of his only son Scott from a drug overdose in 1978 would haunt Newman for the rest of his life. Ultimately, the author reveals how Newman was able to blend his many roles and become a man of great integrity who was successful at almost everything he tried. It is a fascinating portrait of an extraordinarily gifted man and will leave readers feeling that they have slipped through the security gate and got to know a movie star who was famously guarded about his private life.

The Stampers, a logging family pit by circumstance against big business, are rough, hard men and women who live by the motto "never give an inch." Added to the turmoil is the return of Leland, a dope-smoking, college educated half brother whose arrival triggers a tidal wave of events that spiral gradually out of control.

Shameless exploitation has never been more fun nor done more good for more people than when done by Newman's Own—the first green food company to use all-natural ingredients, and still the most successful. It was 1982 when Paul Newman and A. E. Hotchner made their foray into local gourmet shops with bottles of their homemade salad dressing. The venture was

intended to be a lark, a way to poke fun at the traditional way the market operates. Hurdling obstacle after obstacle, they created the first company to mass-market all-natural products, eliminating the chemicals, gums, and preservatives that existed in food at the time. This picaresque saga is the inspiring story of how the two friends parlayed the joke into a multimillion-dollar company that gives all its profits to the less fortunate without spending money on galas, mailings, and other expensive outreaches. It also serves as a textbook for foundations and charitable organizations looking to do the most good they can with what they have. Told in alternating voices, Newman and Hotchner have written a zany tale that is a business model for entrepreneurs, an inspirational book, and just plain delightful reading.

A.E. Hotchner first met Paul Newman in 1956, when the relatively unknown actor assumed the role James Dean was to play in Hotchner's first television play, based on an Ernest Hemingway story. The project elevated both men from relative obscurity to stardom, and commenced a close and trusted friendship that lasted until Newman's death in 2008. In *A Friendship*, Hotchner presents a complicated, unpredictable and talented man and leads the reader through their shared adventures. The pair travelled extensively around the globe, and owned fishing boats that involved them in embarrassing incidents. They successfully defended themselves before a jury in a ludicrous two-year trial, and triumphed in a beery tennis match against Robert Redford and Jack Valenti. Most notably, they started a food company, Newman's Own, as a prank and watched it soar into a major enterprise that has given all its 200 million dollars of profits to charities. Hotchner's knowledge of Newman is unparalleled, and as a gifted storyteller he brings to the reader crucial insights Newman revealed about himself.

#1 NEW YORK TIMES BESTSELLER • PULITZER PRIZE FINALIST • This inspiring, exquisitely observed memoir finds hope and beauty in the face of insurmountable odds as an idealistic young neurosurgeon attempts to answer the question What makes a life worth living? NAMED ONE OF PASTE'S BEST MEMOIRS OF THE DECADE • NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The New York Times Book Review • People • NPR • The Washington Post • Slate • Harper's Bazaar • Time Out New York • Publishers Weekly • BookPage Finalist for the PEN Center USA Literary Award in Creative Nonfiction and the Books for a Better Life Award in Inspirational Memoir At the age of thirty-six, on the verge of completing a decade's worth of training as a neurosurgeon, Paul Kalanithi was diagnosed with stage IV lung cancer. One day he was a doctor treating the dying, and the next he was a patient struggling to live. And just like that, the future he and his wife had imagined evaporated. When Breath Becomes Air chronicles Kalanithi's transformation from a naïve medical student "possessed," as he wrote, "by the question of what, given that all organisms die, makes a virtuous and meaningful life" into a neurosurgeon at Stanford working in the brain, the most critical place for human identity, and finally into a patient and new father confronting his own mortality. What makes life worth living in the face of death? What do you do when the future, no longer a ladder toward your goals in life, flattens out into a perpetual present? What does it mean to have a child, to nurture a new life as another fades away? These are some of the questions Kalanithi wrestles with in this profoundly moving, exquisitely observed memoir. Paul

Kalanithi died in March 2015, while working on this book, yet his words live on as a guide and a gift to us all. “I began to realize that coming face to face with my own mortality, in a sense, had changed nothing and everything,” he wrote. “Seven words from Samuel Beckett began to repeat in my head: ‘I can’t go on. I’ll go on.’” When *Breath Becomes Air* is an unforgettable, life-affirming reflection on the challenge of facing death and on the relationship between doctor and patient, from a brilliant writer who became both.

On a day when everything goes wrong for him, Alexander is consoled by the thought that other people have bad days too.

Children of Heaven explores the reality of the death of a child and the emotional implications not only for the parents, but for the rest of society. Although many of the poems and stories are quite sad, many are also life affirming.
