Prior art, in most systems of patent law, is constituted by all information that has been made available to the public in any form before a given date that might be relevant to a patent's claims of originality. If an invention has been described in the prior art or would have been obvious from what has been described in the prior art, a patent on that invention is not valid. Information kept secret, for instance, as a trade secret, is not usually prior art, provided that employees and others wit

When asking how to patent artwork in the United States, it must meet specific originality, ornamental, or manufactured characteristics. In most instances, a copyright is more suitable for literary, dramatic, musical, and artistic works, such as paintings and sculptures. But if your art is in a craft, such as designing jewelry, furniture, or clothing, you should understand the basics of how to patent artwork.

How to Patent Artwork: Everything You Need to Know

The entire prior patent constitutes prior art. The skilled person may use his or her common general knowledge to supplement information contained in the prior patent. Common general knowledge means knowledge generally known by persons skilled in the relevant art at the relevant time.

Novelty and non-obviousness in Canadian patent law - Wikipedia

Art. 93 R. 114 In proceedings before the European Patent Office, following the publication of the European patent application, any third party may, in accordance with the Implementing Regulations, present observations concerning the patentability of the invention to which the application or patent relates.

The European Patent Convention - EPO

A European patent shall, subject to the provisions of paragraph 2, confer on its proprietor from the date on which the mention of its grant is published in the European Patent Bulletin, in each Contracting State in respect of which it is granted, the same rights as would be conferred by a national patent granted in that State.
