The Bioregional Imagination: Literature, Ecology, and ...

The Bioregional Imagination: Literature, Ecology, and Place. Bioregionalism is an innovative way of thinking about place and planet from an ecological perspective. Although bioregional ideas occur regularly in ecocritical writing, until now no systematic effort has been made to outline the principles of bioregional literary criticism and to use it as a way to read, write, understand, and teach literature.

The Bioregional Imagination | Department of English | Nebraska

The bioregional is a place-based conception of communities within an ecosystem that are bound together through, more often than not, the need to share water resources in a specific watershed. The imagination of a bioregion is the human element that contributes to, or detracts from, the sustainability and health within any given bioregion.

Project MUSE - The Bioregional Imagination

The seeds for this essay collection on literature, ecology, and place germi-nated in cyberspace. Cheryll, who wanted to teach a class on bioregional literature and criticism, posted a query to the e- mail list of the Association for the Study of Literature and Environment (asle). Tom then e- mailed
