Literature, who was known for his commitment to realistically depicting kids from his hometown of Harlem.

After his many years as a typical bachelor cowboy, Slim Chance is convinced against his will that he needs to build his own herd of cattle and invest in the future. So, he takes the plunge, takes out a loan, and takes his newly-bought heifers to a pasture on Viola's father's ranch. But, just about the time his new herd is calved-out and his investment is beginning to look promising, the dry and windy weather conditions put the entire county on High Alert for fire-danger. Hank is sure that he and Slim can defend the ranch against anything that comes their way, that is, until they come face-to-face with a wild fire unlike any grass fire they've seen

before. Will Slim be able to get the cattle to safety in time? And, more importantly, what about Slim himself? You won't want to miss this hair-raising and heart-warming tale of cowboy-bravery, true heroism, and the blessings of friends and community!

"My Name is Buddy. I am a dog. I am also a detective." Buddy is in the school library and kids are taking turns reading with him. While Buddy listens to a ghost story, he hears rustling in the shelves behind him. He turns to look, but doesn't see anyone back there. He hears a book fall. Something smells strange. Not human...not canine, not like anything Buddy has ever smelled before. Could it maybe be the school ghost Buddy has heard so much about? When the child he's sitting with leaves, Buddy goes over to

In the nonfiction tradition of John Berendt and Erik Larson, the author of the #1 NYT bestseller *The Lost City of the Monkey God* presents a gripping account of crime and punishment in the lush hills surrounding Florence as he seeks to uncover one of the most infamous figures in Italian history. In 2000, Douglas Preston fulfilled a dream to move his family to Italy. Then he discovered that the olive grove in front of their 14th century farmhouse had been the scene of the most infamous double-murders in Italian history, committed by a serial killer

known as the Monster of Florence. Preston, intrigued, meets Italian investigative journalist Mario Spezi to learn more. This is the true story of their search for--and identification of--the man they believe committed the crimes, and their chilling interview with him. And then, in a strange twist of fate, Preston and Spezi themselves become targets of the police investigation. Preston has his phone tapped, is interrogated, and told to leave the country. Spezi fares worse: he is thrown into Italy's grim Capanne prison, accused of being the Monster of Florence himself. Like one of Preston's thrillers, *The Monster of Florence*, tells a remarkable and harrowing story involving murder, mutilation, and suicide--and at the center of it, Preston and Spezi, caught in a bizarre prosecutorial vendetta.

An astonishing portrait of a murderer and his complex relationship with a crusading journalist Michael Ross was a serial killer who raped and murdered eight young women between 1981 and 1984. In 2005, the state of Connecticut put him to death by lethal injection. His crimes were horrific, and he paid the ultimate price for them. When journalist Martha Elliott first heard of Ross, she learned what the world knew of him—that he had been a master at hiding in plain sight. Elliott, a staunch critic of the death penalty, was drawn to the case when the Connecticut Supreme Court overturned Ross's six death sentences. Rather than fight for his

life, Ross requested that he be executed because he didn't want the families of his victims to suffer through a new trial. Elliott was intrigued and sought an interview. The two began a weekly conversation—and developed an odd form of friendship—that lasted over a decade, until Ross's last moments of life. Over the course of his twenty years in prison, Ross had come to embrace faith for the first time in his life. He had also undergone extensive medical treatment. The Michael Ross whom Elliott knew seemed to be a different man from the monster who was capable of such heinous crimes. This Michael Ross made it his mission to share his story with Elliott in the hopes that it would save lives. He was her partner in unlocking the mystery of his own evil. In *The Man in the Monster*, Martha Elliott gives us a

groundbreaking look into the life and motivation of a serial killer. Drawing on a decade of conversations and letters between Ross and the author, readers are given an in-depth view of a killer's innermost thoughts and secrets, revealing the human face of a monster—without ignoring the horrors of his crimes. Elliott takes us deep into a world of court hearings, tomblike prisons, lawyers hell-bent to kill or to save—and families ravaged by love and hate. This is the personal story of a journalist who came to know herself in ways she could never have imagined when she opened the notebook for that first interview. Praise for *The Man in the Monster*: “Sturdily written and well researched . . . The book will appeal to those curious about why killers kill, and those who can stomach what they learn.” —The Boston Globe

“A fascinating, in-depth analysis for true-crime buffs, sociologists, and others grappling with nearly impossible-to-comprehend actions and their consequences.” —Booklist

Charles just moved to Echo City, and some of his new neighbors give him the creeps. They sneak into his room, steal his toys, and occasionally, they try to eat him. The place is teeming with monsters! Lucky for Charles, Echo City has Margo Maloo, monster mediator. No matter who's causing trouble, Margo knows exactly what to do—the neighborhood kids say monsters are afraid of her. It's a good thing, because Echo City's trolls, ogres, and ghosts all have one thing in common: they don't like Charles very much.
