Observe someone without being observed. Dig up long-buried dirt. Catch a cheating spouse. The Everything Private Investigation Book shows you the basic research techniques and tricks the pros use. You'll learn how to get background information using a wide range of sources, including newspapers, court records, military files, and even the DMV. Written by experienced investigators, this guide helps you to: Use the Internet to get information on anyone and anything Conduct background checks for prospective employees or tenants Uncover hidden identities and assets Manage a physical or electronic surveillance Protect privacy and avoid identity theft Whether you're a journalist, an amateur genealogist, a business owner, a landlord, or just curious, you'll find essential information in this guide. In addition to being a valuable resource, The Everything Private Investigation Book is also a fascinating read. Even "armchair detectives" will enjoy reading about famous real-life and fictional PIs and the little-known secrets professionals use to crack the case. Sheila L. Stephens was the first female Alcohol, Tobacco & Firearms (ATF) special agent in the state of Alabama and one of the first in the nation. She recently graduated from Boston University with a master's degree in criminal justice. After leaving the ATF due to injury, Ms. Stephens opened a private investigation/security business. She is a criminal justice professor at Andrew Jackson University and a contributing writer and associate editor of The Agent, the newsletter of the National Association of Federal Agents (NAFA). Ms. Stephens lives in Bessemer, AL.

"The best story I've read in a long, long time." —Lacy Crawford, author of Notes on a Silencing "Krouse's vivid and original memoir is state of the art. Tell Me Everything is our new standard." —Charles D'Ambrosio, author of Loitering Part memoir and part literary true crime, Tell Me Everything is the mesmerizing story of a landmark sexual assault investigation and the female private investigator who helped crack it open. Erika Krouse has one of those faces. "I don't know why I'm telling you this," people say, spilling confessions. In fall 2002, Erika accepts a new contract job investigating lawsuits as a private investigator. The role seems perfect for her, but she quickly realizes she has no idea what she's doing. Then a lawyer named Grayson assigns her to investigate a sexual assault, a college student who was attacked by football players and recruits at a party a year earlier. Erika knows she should turn the assignment down. Her own history with sexual violence makes it all too personal. But she takes the job anyway, inspired by Grayson's conviction that he could help change things forever. And maybe she could, too. Over the next five years, Erika learns everything she can about P. I. technique, tracking down witnesses and investigating a culture of sexual assault and harassment ingrained in the university's football program. But as the investigation grows into a national scandal and a historic civil rights case, Erika finds herself increasingly consumed. When the case and her life both implode at the same time, Erika must figure out how to help win the case without losing herself.

### Private Investigator

His hands-on experience and hard-nosed detective work has made him one of the most sought-after private investigators in the business. Here, Chambers shares his insider expertise, with true case histories from his files, tricks of the trade, and step-by-step advice to help readers be able to: - Catch a cheating spouse - Uncover hidden assets, monetary malfeasance, and fraud - Tail and track a mark - Use the Internet to get information on anything and anyone - Protect one's privacy - Prepare an intelligence file on anyone-on and off line - Find and preserve legal evidence \*The Private Investigator's Handbook is as fascinating to read as it is useful for anyone looking to get the undercover legal help they need, and the peace of mind they deserve.

### Private Investigator

This book was written for anyone who has considered working in the field of private investigation and decided that it would be ideal for them. How to Open & Operate a Financially Successful Private Investigation Business will teach you everything you need to know about the profession, starting with the basics of what you can expect and which preconceptions are just Hollywood fancy. You will discern the key differences between a private investigator and a police officer and why those who want to be the latter should consider all their options before getting into private work. You will learn how to choose a niche of investigation and how to think critically. You will pick up tips on how to investigate a case and perform all of your necessary functions legally. Understand how to hire and keep a qualified professional staff, meet IRS requirements, manage and train employees, generate high-profile public relations and publicity, and implement low-cost internal marketing ideas. You will learn how to build your business by using low- and no-cost ways to satisfy customers, as well as methods to increase sales and have customers refer others to you. This book imparts thousands of insider tips and useful guidelines, including case studies of real world successful private investigation businesses. Discover how to hire contractors and attract clients. Determine which licenses, liability insurance, contracts, and forms you will need, such as privacy agreements. You will find out what tools you need, including the right camera and lenses. Employ modern computer equipment to accent your investigations and use the internet to search through public records, private databases, and courthouse records to speed up the process. Learn how to perform background investigations, interviews, and surveillance and the basics of each type of investigation. Learn how to draw up a winning business plan using the companion CD-ROM with an actual business plan you can use in Microsoft Word™. Familiarize yourself with basic cost control systems, copyright and trademark issues, branding, management, legal concerns, sales and marketing techniques, and pricing formulas.

### Private Investigator

The threat against the homeland continues and the private investigator plays a critical part in this effort. This includes in providing criminal, civil and background investigation, protective service, security consulting and electronic sweeps. The text will provide an overview of the role of private investigation in protection of the homeland and show how such skill can be utilized by business and government in this effort.

### Private Investigator

A fascinating examination of the world of private investigators by a 21st-century private eye. Today's world is complicated: companies are becoming more powerful than nations, the lines between public and corporate institutions grow murkier, and the internet is shredding our privacy. To combat these onslaughts, people everywhere -- rich and not so rich, in business and in their personal lives -- are turning away from traditional police, lawyers, and government regulators toward a new champion: the private investigator. As a private investigator, Tyler Maroney has traveled the globe, overseeing sensitive investigations and untying complicated cases for a wide array of clients. In his new book, he shows that it's private eyes who today are being called upon to catch corrupt politicians, track down international embezzlers, and mine reams of data to reveal which CEOs are lying. The tools Maroney and other private investigators use are a mix of the traditional and the cutting edge, from old phone records to computer forensics to solid (and often inspired) street-level investigative work. The most useful assets private investigators have, Maroney has found, are their resourcefulness and their creativity. Each of the investigations Maroney explores in this book highlights an individual case and the people involved in it, and in each account he explains how the transgressors were caught and what lessons can be learned from it. Whether the clients are a Middle Eastern billionaire whose employees stole millions from him, the director of a private equity firm wanting a background check on a potential hire (a known convicted felon), or creditors of a wealthy American investor trying to recoup their money after he fled the country to avoid bankruptcy, all of them hired private investigators to solve problems the authorities either can't or won't touch. In an era when it's both easier and more difficult than ever to disappear after a crime is committed, it's the modern detective people are turning to for help, for revenge, and for justice.

### Private Investigator

\* So you want to be a private investigator?\* Little or no law enforcement or related experience?\* Sick of sending resumes and calling companies only to hear "no"?\* Want to start your own business?\* Want to know what it's really like being a P.I.? A few years ago I was in exactly the same position. Find out how I went from a standard corporate marketing job, to fulfilling my dream of becoming a private investigator - with almost no experience. From spreadsheets and office politics to stakeouts and car tailing. If you're in this position then this is the place to start. This book explains the exact steps I took to make it as a P.I. It's a combination of my own experiences, as well as the 20 plus books and countless articles I read during the process. Relevant for the US, UK, Canada, Australia and New Zealand. It is the definitive guide. Find out: \* The top 3 mistakes people make when looking for a job as a P.I.\* How to provide value to an organization, even without investigative experience\* A day in the life of a private investigator - truth and fiction\* 14 typical cases you may be involved in\* Reviews and links to dozens of books, articles and websites for further information This is not about the tools and techniques of a private investigator (e.g. surveillance, tailing, tracing, interviewing etc.), there are many other books and online resources for this. It is not a manual for the job itself; it is a guide on how to get into the industry in the first place. It is specifically for people with little or no experience who want to break into the exciting world of private investigation. Having read this book you'll come away knowing the first steps you need to take, some further reading or resources, or maybe you'll realize that private investigation is not really for you. Either way, this book can save you months of frustration sending out resumes and facing rejection after rejection. No more going round in circles. Don't waste any more time. Before doing anything else, start with this book.

In I, Spy, world-renowned private investigator Dan Ribacoff will show you how. With decades of experience in public safety, private investigation, and credibility assessment, Dan will teach you: The do's and don'ts of surveillance How to conduct a stakeout—from what to wear to what to bring How to track down anyone anywhere How to collect and interpret evidence How to tell if someone is lying How to utilize informants How to protect your home, your valuables, and your privacy How to go off-grid, for now or forever How to know if you're being stalked The fundamentals of garbage retrieval And much, much more! Learn the art of private investigation from a pro. With Dan's time-tested tips and stories of true crime detection—straight from the gritty streets of New York City--you'll be hot on the trail in no time!

### Private Investigator

This book will help the private investigator reevaluate business opportunities and identify goals for the future. The world of the private investigator is constantly changing due to the introduction of various legal requirements that have restricted or eliminated some of the methods available for obtaining information such as the various privacy protection acts. Additionally, most private investigators have restricted their business activities to a response mode; that is, conducting inquiries after an incident has occurred. Their preventive skills have been ignored to their financial detriment. As restrictions continue to be placed on private investigative activities, private investigators need to reevaluate personal skills and discover how these may relate to expanding their services. This book provides the necessary information for learning about these new skill areas and provides the necessary strategies for their implementation. Some of the topics cover crime and loss prevention strategies, risk assessment, and prevention strategies. Many other topics are also covered such as that of the expert witness. This is not a difficult status to attain but requires unique skill sets and experience and can be highly lucrative. Crises management is another skill set that is explored here. It not only identifies potential risk areas through risk assessment activities but includes development and implementation of preventive measures and shows how the private investigator can assist in restoring business operations to their normal levels. This book will be of enormous help to private investigators who wish to develop these sophisticated investigative business skills and preventive services in order to meet these challenges for surviving and thriving in this modern age industry.
